COMMONWEALTH OF PENNSYLVANIA
COUNTY OF ALLEGHENY
CERTIFICATE OF ELECTION

We, the undersigned, members of the Return Board of the County of Allegheny, hereby certify that after tabulating the votes cast at the Election held on the seventh day of November, 1939, in said County it appears that P. J. McArdle was duly elected to the office of Member of Council of the City of Pittsburgh in the county aforesaid.

Witness our hands and seal this first day of December, 1939.

SAMUEL H. GARDNER,
JOHN J. KENNEDY,

Judges of the Court of Common Pleas, sitting as members of the Return Board.

(Seal)

Which was read, received and filed.

And the following members elect:

Messrs. John T. Duff, Jr., George E. Evans and Edward J. Leonard, arose in their places and took and subscribed to the oath of office, which was administered to them by the City Clerk, Edw. W. Lindsay.

Present:—Messrs.

Demmler	Leonard
Duff	O'Toole
Evans	Weir
Gallagher	Wolk

Absent—Mr. McArdle (deceased).

The Chair said:

Gentlemen, the first order of business is the election of a President.

Mr. Gallagher arose and said:

Mr. Chairman, I arise to place in nomination the name of a man whose nomination for President of Council I had the honor of seconding two years ago; a man who has demonstrated that he has the ability to fill this honored

position; a man who has proven to the citizens of Pittsburgh that he is vitally interested in good government; a man we all honor and esteem; a man I know will guide the destinies of this Council in the ensuing years to the best interests of the citizens of Pittsburgh and the organization of which he is a member.

I take great pleasure in placing in nomination for the President of Council the name of James L. O'Toole, Jr. Mr. Leonard arose and said:

Mr. Chairman, I arise, like Mr. Gallagher to second the nomination. Because of the sad news of the sudden death of our colleague and friend, Mr. McArdle, it is impossible for me to say much at this time, and I ask to be excused from making any extended remarks extolling the qualifications of the man who has been nominated for the Presidency of this Council, Mr. O'Toole.

Mr. Weir arose and said:

Mr. Chairman:—I also rise to second the nomination of Mr. O'Toole for President of Council. He has been a grand President, and it would be just too bad if we didn't re-elect him as the presiding officer of this body.

Mr. Evans arose and said:

Mr. Chairman, I too take great pleasure in seconding the nomination of Mr. O'Toole. It is an honor to second this nomination.

Mr. Wolk arose and said:

Mr. Chairman, I likewise arise to second the nomination of Mr. O'Toole for the Presidency of this Council. He is an honest, able and courageous man, who is well acquainted with municipal affairs, and a real personal friend of mine.

Mr. Demmler arose and said:

Mr. President:—I, too, join in with the other members of Council and second the nomination of Mr. O'Toole for President of Council.

Mr. Duff arose and said:

Mr. President:—I likewise express my entire approval of that nomination. I second it accordingly.

Mr. Gallagher moved

That the nominations close on the name of James L. O'Toole, Jr.

Which motion prevailed.

And the result of the voting was as

follows:

For James L. O'Toole, Jr.:—Messrs.	
Demmler	Gallagher
Duff	Leonard
Evans	Weir
	Wolk

(Mr. O'Toole not voting.)

And James L. O'Toole, Jr., received seven votes, a majority of the votes of Council, and was declared duly elected President for the ensuing term.

The Chair appointed:

Messrs. Weir and Gallagher a committee to escort the President-elect to the Chair.

And the committee performed the duty assigned it, and presented James L. O'Toole, Jr., to Council.

And the oath of office as President of Council was administered to James L. O'Toole, Jr., by City Clerk, Edw. W. Lindsay.

And President O'Toole took the chair and said:

Members of Council:—I wish to thank you for your vote of confidence. Having served as President of Council for two years I had hoped to outline what might be the policy of the President and the Council for the next two years.

The untimely news that we have received this morning impresses upon me the vanity of anything we might say or do. It impresses upon us that the wisdom and experience of the man we have lost this morning far outweighs any ideas I can give you. Accordingly I refrain from so doing.

We welcome, however, the new member to this body, and welcome him with the confidence that he will serve the City well, relying upon his experience, training and integrity.

The Chair recognizes Councilman Duff. Mr. Duff arose and said:

Mr. President:—In assuming the office to which I have been elected, I do so with a keen sense of a responsibility which that office imposes upon its incumbent.

I recognize, and I am sensible of the very great and perplexing problems which come before the legislative branch of a city as great as Pittsburgh: problems of finance; problems of service and problems of policy. These problems require the combined wisdom, experience and judgment of each and

every member of this body. None of us is capable alone of meeting these problems and solving them. I offer and I assure the people of Pittsburgh my full and hearty cooperation and effort in the solution of all these matters which come before this body, and I assure them that I will render a full and capable account of my stewardship. I thank you.

The Chair:—The Chair recognizes Councilman Evans.

Mr. Evans arose and said:

Mr. President:—This is a sad and a happy occasion. I feel deeply moved by the sad news we have all heard this morning and are assembled here with the greatest sadness; yet there is, of course, a ray of sunshine in every cloud.

We are standing here on the verge of a new year, looking forward to great things for the new year, 1940, and we are welcoming here to our membership a new member. I want to congratulate him, and yet at the same time admonish him that membership in this Council is not a bed of roses, as he has well surmised.

Mr. Duff, you will have plenty of work to do and there will be lots of criticism of what you might or might not do. You will not be able to please everybody. No matter what you do, you will be criticized, and you will have to be able to take it on the chin once in a while. I am confident you will make a most useful councilman, one that the City of Pittsburgh will be well proud of. There is one thing that if you can measure up to and be able to fill the shoes of that beloved member who has passed away this morning you will have done well. I again congratulate you.

The Chair:—The Chair recognizes Councilman Leonard.

Mr. Leonard arose and said:

Mr. President:—It is a great honor this morning to be here as a re-elected member of this body. It was only last July when I first came into this Council, having been elected to serve the unexpired term of my very good friend, Charles Anderson, who was called by death. Today we have lost another veteran councilman, P. J. McArdle, who always served the taxpayers of Pittsburgh loyally and faithfully. It is a

difficult task to stand here and speak about one who it was my pleasure and honor to sit beside during our brief association in Council. It is my hope, with the addition of such a splendid gentleman as Mr. Duff to membership in this body, we will be able to give to the City of Pittsburgh the best administration possible; that each and every member of Council will work hard to overcome some of the criticism that has been heaped upon them the past few weeks. I think the members of Council, working in harmony and cooperation, will give Pittsburgh one of the best legislative administrations it has ever had.

Mr. Duff, I want to congratulate you on your installation as a member of City Council.

The Chair:—With unanimous consent, the privilege of the floor is extended to His Honor, the Mayor of Pittsburgh. Hon. Cornelius D. Scully, Mayor, arose and said:

Mr. President and Members of Council:—It is, indeed, a sad note that enters the proceedings of Council this morning, and as your President has said brings home to each and every one of us the vanity of the things of this world, and calls on us to enter into the New Year more highly resolved than ever to give to this city and to this community everything that is in each of us for the service and the benefit of the people, who put their confidence and trust in us.

Mr. McArdle and I may have had our political differences, but no one more than I realizes his keen intelligence, his broad understanding of municipal problems and the ability which was his, and which will be greatly missed in the coming years. My last visit with him was in my office just about a week ago; and he was looking forward, as I was, to working out those problems which would be for the best interests of this community, and to give to Pittsburgh those things which it is entitled to have, and in our association with the administration of this government, he could help to give.

But turning from that sad note again, I agree, as one of the previous speakers, Mr. Evans, said, that we can go forward in 1940 with the happy thought that we have a united Council, having added to its membership another member brilliant in attainment, high in

character and one who will lend to the deliberations of Council those qualities and abilities which will continue to make and mark the Council of the City of Pittsburgh an able legislative body.

I congratulate the citizens of Pittsburgh in having added to this group a man of the ability and quality of Mr. Duff.

I congratulate them also in their reelection of my good friends Mr. Evans and Mr. Leonard. I think the City of Pittsburgh may look forward in the coming two years to an administration in its legislative body that will be the peer of any that the City of Pittsburgh has ever had.

Mr. President, I thank you for the privilege of permitting me to address your body, and I trust you and every member of this body during the coming year will have the most happy and prosperous careers of their political as well as non-political activities.

The Chair:—The Chair recognizes Mr. Gallagher.

Mr. Gallagher arose and said:

Mr. President and Members of Council:—I arise to congratulate Mr. Duff on his assumption of membership in this Council. I know that he will be a very valuable member, being a member of the legal profession and there will be many times when we will need the advice of his legalistic training and experience.

I had intended making a more lengthy speech, but because of the sad news that we have received there is not much inspiration to do so.

In passing, I want to say a few words with respect to our late member, Mr. McArdle. He and I may have had our differences of opinion, but they never were allowed to interfere with our friendship. When I first entered politics and decided to enter into the race for a seat in the State Legislature I sought the advice and judgment of Mr. McArdle, and he freely gave it to me. The City of Pittsburgh has lost one of the best members in this City government. He was not only a keen student of municipal affairs, but he knew this city well—the location of all its streets and everything else. If I wanted to find out anything about Pittsburgh and its governmental functions, all I had to do was to ask Mr. McArdle.

I want to say publicly that he was not only a good councilman, but he was a very good family man. No matter what any member of his family desired and it was within his means to give it, he gave it freely.

I also know a little about the life of Mr. McArdle. When he was a boy he moved to Indiana and entered the employ of the mills there. He came in contact with a Mr. William Clark and another man who was a letter carrier, and these three men formed a debating society in Marion, Indiana, for the purpose of bettering their education. All three of these men became International Presidents of the Associations with which they were affiliated. The letter carrier became International President of the Letter Carriers' Association; Mr. Clark became International President of the Flint Glass Workers Organization, and Mr. McArdle was elected President of the Amalgamated Association of Iron, Steel and Tin Workers of America, and because of his elevation to the head of that great labor organization, he moved to Pittsburgh. It was not long after his residence in Pittsburgh that he was selected to fill an unexpired term in City Council, where he has served with fidelity the people of this great community. The City of Pittsburgh loses a very valuable public official and his family a highly respected and honored father.

The Chair:—The Chair recognizes Mr. Weir.

Mr. Weir arose and said:

Mr. President:—There is no one who will miss the advice and counsel of Mr. McArdle more than I will.

Mr. Duff, I welcome you as a fellow-councilman.

The Chair:—The Chair recognizes Councilman Demmler.

Mr. Demmler arose and said:

Mr. President:—The memory of Mr. McArdle will remain with us. We valued his advice and recognized his ability and regret his passing.

I too join in welcoming Mr. Duff as a member of Council.

The Chair:—The Chair recognizes Councilman Wolk.

Mr. Wolk arose and said:

Mr. President:—My heart is filled with sadness at the passing of our esteemed friend and colleague.

During my short period in Council, I learned to respect and esteem him for his valued counsel. We in Council, as well as the people of Pittsburgh, have lost a great advisor and a fine public servant. He has been in this body almost continuously from the formation of this small Council. How anyone can replace the experience and training that this man had, I don't know?

As for myself, from time to time, I had occasion to discuss with him the problems of municipal affairs, and I found him always ready and willing to work and cooperate with me, and I know he was the same way with the other members of Council.

And yet at the same time, as they say, the play must go on! I know Mr. McArdle would have it so.

Today we congratulate the members who have been re-elected to Council, as well as a man who takes his seat for the first time, Mr. Duff. I feel confident that the men now sitting in Council will work and cooperate. To my mind beside any ability that any of us has, the first quality is the willingness and readiness to work together. I am firmly convinced that all the men in this Council will work together in the coming year to give to the people of Pittsburgh the type and kind of government they deserve and ought to get. I add in passing that those on the outside, who from time to time condemn and criticize, and they have a right to condemn and criticize if they so desire, because, thank God, we live in a country where people may condemn and criticize rightfully or wrongfully, but when they criticize they should do so constructively.

All of us in the passing of this good friend of ours should be filled with humility, and I hope all who are vitally interested in city government will also feel this humility, and in the coming year work with us and cooperate with us, so that Pittsburgh may have as fine a municipal government as any in the Nation.

The Chair appointed Messrs. Gallagher, Evans and Demmler as members of the Rules Committee.

Mr. Weir moved

That when Council adjourns, it shall adjourn out of respect to the

memory of Mr. McArdle, and shall meet
at the call of the Chair.

Which motion prevailed.

And upon motion of Mr. Weir,
Council adjourned.

ONE HUNDRED-FIRST COUNCIL

JAMES L. O'TOOLE, Jr. President

EDW. W. LINDSAY City Clerk

JAS. W. PATTERSON Asst. City Clerk

Pittsburgh, Pa.
January 15, 1940.

Council met pursuant to the following call:

Pittsburgh, Pa.
January 10, 1940.

Mr. E. W. Lindsay,
Clerk of Council.

Dear Sir:

Please call a special meeting of Council and the Mayor for Monday, January 15, 1940, at 1:30 o'clock, P. M., for the purpose of electing a member of Council to fill the vacancy caused by the death of P. J. McArdle.

Very truly yours,
JAMES L. O'TOOLE, JR.,
President of Council.

Which was read, received and filed.

Present:—Messrs.

Demmler Weir
Duff Wolk
Evans O'Toole, (Pres't)
Gallagher
and Hon. Cornelius D. Scully, Mayor.

Absent:—Mr. Leonard.

The Chair said:

The order of business is the election of a member of Council to fill the vacancy caused by the death of P. J. McArdle. Nominations are in order.

Mr. Wolk arose and said:

Mr. President, Mayor Scully and Members of Council:—It is with mixed feelings of sadness and gladness that I rise to place in nomination the name of a man to fill the vacancy caused by the death of our esteemed colleague, Mr. P. J. McArdle.

Mr. McArdle had been a member of Council for many years; had been a great student of municipal affairs, and during the period of time when he occupied himself with the affairs of this city, he acquired a knowledge of those affairs which made him, perhaps, one of the most outstanding members in the history of this Council. All of us in Council, especially during the period that I have been a member, relied upon him very strongly for counsel and advice, and we all deplore his untimely death.

But it is a pleasure for me to place in nomination, to fill the vacancy caused by his death, a man whom I have known for many years. This man is fully equipped to occupy the place that Mr. McArdle left. He is a lawyer of great ability, but aside from that his experience as a lawyer in municipal affairs will help him and us considerably as members of this body. As an Assistant County Solicitor and as Assistant City Solicitor he has become fully acquainted with the laws governing municipal business. As a state senator, he occupied his time there with distinction and there, also, he became a specialist in legislative matters that apply to municipal government. He has also been an Assistant United States District Attorney.

He, therefore, has the ability from a legal point of view, without question, to become a very excellent member of this body; but aside from his experi-

ence in legal matters, I consider this man among the many I know in this city as one who has the proper social viewpoint in order to become a member of the legislative body in this city. He has a deep and abiding interest in the welfare of the people of Pittsburgh, and I am certain that as he sits in this body his counsel and advice will always be used in the furtherance of the interests of the people of this city.

Mr. President, I feel it is an honor and privilege to place in nomination as a member of City Council a man who has distinguished himself as a lawyer, as an Assistant City Solicitor, as a State Senator, as an Assistant United States District Attorney; a man with the proper equipment, to become a member of this body, my good friend, Thomas E. Kilgallen.

Mr. Duff arose and said:

Mr. President:—I esteem it a privilege to second this nomination. My acquaintance with Senator Kilgallen extending over a period of years enables me to bear witness to his outstanding qualities as a citizen, a lawyer and a public officer, and to endorse without reservation what my friend, Councilman Wolk, has said in his behalf.

By every test of qualification Senator Kilgallen is fully fitted to occupy this office, and I esteem it, likewise, an honor and a privilege to second this nomination, and cast my ballot in his behalf.

Mr. Weir arose and said:

Mr. President, I rise to also second the nomination of Thomas E. Kilgallen. I am not going to let these lawyers get away with the whole show today.

I have known Senator Kilgallen for a long time and know him to be an outstanding citizen, and from hearsay know that "Tom" is one of the outstanding members of the Allegheny County Bar, and what I know of him he will make a good member of Pittsburgh City Council.

Mr. Gallagher arose and said:

Mr. President:—I also rise to second the nomination of Mr. Kilgallen. I agree with the remarks of the previous speakers as to the ability of Mr. Kilgallen. It has been my pleasure to know Mr. Kilgallen for a number of years, and

as has been pointed out by the previous speakers, he has served in public offices with distinction—not only as a County and City Assistant Solicitor, but as a member of the State Legislature. I also take pleasure in seconding his nomination.

Mr. Evans arose and said:

Mr. President:—There is a special qualification which I think Mr. Kilgallen has which will be of great service to the people of Pittsburgh; and I refer to his background and experience in the tax situation. It is well known that the tax situation in the City of Pittsburgh is in a badly tangled condition; and if we ever needed an expert in this line, a man who has knowledge of the various complications that have arisen and can straighten out that situation, that man is Senator Kilgallen. I feel very confident that if he becomes a member of this Council that his background, knowledge and experience in that field, combined with his many other qualifications, will be of special service to the people of Pittsburgh. It is with great pleasure that I second his nomination.

Mr. Demmler arose and said:

Mr. President:—I too take pleasure in seconding the nomination of Mr. Kilgallen, and will be pleased to cast my vote for him.

Mayor Scully arose and said:

Mr. President:—In order to make this unanimous, I too will cast my vote for Senator Kilgallen. His personal character and qualifications will make him a most useful and valuable member of this body.

And there being no further nominations, the Chair instructed the Clerk to call the roll, and the roll being called, the result of the voting was as follows:

For Thomas E. Kilgallen:—Messrs. Demmler, Duff, Evans, Gallagher, Weir, Wolk, O'Toole (President), and Hon. Cornelius D. Scully, Mayor.

And Mr. Kilgallen having received a majority of the votes of Council, in conjunction with the Mayor, was declared duly elected a member of Council, in accordance with the provisions of the Act of Assembly approved May 31, 1911.

The Chair appointed Messrs. Weir and Demmler as a Committee to escort the

Member-elect, Thomas E. Kilgallen, to the Council Chamber for the purpose of having administered to him the oath of office.

And the Committee retired and returned with Thomas E. Kilgallen, Member-elect, who took and subscribed to the oath of office, which was administered to him by President O'Toole.

The Chair said:

The Chair recognizes Councilman Kilgallen.

Mr. Kilgallen said:

Mr. President, Members of Council, Mr. Mayor and My Fellow Citizens:—I am very proud and happy at this moment. I think a man should properly be proud when it is his high distinction to sit in the legislative council of a great metropolitan city. And I think he should be very happy when his friends and associates publicly express their confidence in him.

I shall do my very best here to justify that confidence.

But in taking my place, I have the sense that I can but partly fill the seat of the man whose vacant chair I am going to take. Our city is going to miss P. J. McArdle. This body is going to miss his sound judgment, his practical experience, his wide knowledge of our civic affairs.

I make no pretense at having those attainments. I can only say to you, Mr. President, and to my colleagues that I shall try to do a day's work here; and in closing I want to thank you gentlemen for your affirmative vote, and I want to thank you, Mr. Mayor, and as I have said, I shall always try to do my best here.

And upon motion of Mr. Weir,

Council adjourned.

Dear Sir:

Please call a special meeting of Council for Monday, January 15, 1940, at 2:00 o'clock P. M., for the consideration of reports from special committees and such other business as may come before the meeting.

Very truly yours,

JAMES L. O'TOOLE, JR.,
President of Council.

Which was read, received and filed.

Present:—Messrs.

Demmler	Kilgallen
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't)

Absent:—Mr. Leonard.

The Chair said

"The first order of business is the report of the Special Committee on Rules."

Mr. Gallagher presented
No. 5.

Pittsburgh, Pa.
January 12, 1940.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

Your special Committee on Rules respectfully recommends the adoption of the rules of the preceding Council to be the rules of this Council, with the exception of the following:

Amend Rule IV by striking out, after the words "shall be as follows," the words "Reading, correction and approval of the minutes of the previous meeting or meetings where the same may not have been already read, corrected and approved, shall be the last order of business," and by inserting the same after the words "Motions and Resolutions."

Amend Rule IX, Section 2, by striking out, after the word "sewers," the words "public property," and by adding after the words "and bridges" the words "and the Department of Lands and Buildings, so far as it relates to public property and buildings."

Amend Rule XII by adding after the word "ordinance" the words "or resolution."

Respectfully yours,

THOMAS J. GALLAGHER,
GEORGE E. EVANS,
WALTER R. DEMMLER.

Which was read.

Mr. Gallagher moved

The adoption of the report.

Upon which motion the ayes and noes were ordered taken, and being taken were:

Ayes:—Messrs.

Demmler	Kilgallen
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

No. 114.

January 20, 1940.

President and Members,
City Council,
City of Pittsburgh.
Gentlemen:

In Re: Bill No. 58

At a meeting of the Finance Committee held January 16, 1940, Bill No. 58, "A Resolution authorizing the City Controller to carry over the total sum of \$900.00 remaining in various code accounts, Department of Supplies, from the year 1939 to the year 1940," was affirmatively recommended, subject to a report from the Budget Controller.

This carry over of \$900.00 from the appropriations of 1939, is for the purpose of providing the sum of \$350.00 transferred from the Miscellaneous Service Account, 1939 to the Supplies Account, 1940, for the payment of printed order blanks purchased by the Department of Supplies for the year 1939. There were insufficient funds remaining in the Supply Account to pay for this purchase at the end of the year.

This carry over also provides the sum of \$550.00 for the purchase of an Addressograph Machine. This machine if purchased would greatly reduce the amount of typing necessary in sending out inquiry blanks to vendors.

The purchase of this machine was contemplated in the budgetary requests of 1940, and due to the reduction made in the appropriations of 1940 from

\$6,500.00 to \$1,928.00, it is deemed necessary that they be permitted this carry over of \$550.00, in order to purchase this machine.

The City Controller has agreed to carry over these amounts if the bill is passed.

From the facts herein presented, I would recommend this bill be finally passed.

Respectfully yours,

RICHARD NEFF,

Budget Controller.

Which was read, received and filed.

MOTIONS AND RESOLUTIONS

The Chair presented
No. 121.

Pittsburgh, Pa.
January 22, 1940.

To the President and Members
Council of the
City of Pittsburgh.

It is expected the tax statements for the year 1940 will be completed and mailed by Thursday, January 25th.

In this connection we find that a number of the taxpayers do not live in the City of Pittsburgh, and as there will be only five business days remaining of the discount period, it is quite possible that the tax statements will not be received by all of the taxpayers in time to take advantage of the two per centum discount allowed for payment in the month of January. It is therefore suggested that the discount period for the payment of these statements be extended to February 15, 1940.

The flat water statements are now being prepared and it is expected they will be completed and mailed by February first. It is therefore suggested that the discount period within which to pay these bills be extended to February 15, 1940.

Respectfully submitted,
EDWARD R. FREY,
City Controller.

Which was read, received and filed.

Also

No. 122. WHEREAS, The time for paying taxes and receiving the discount expires on January 31, 1940, and

WHEREAS, Owing to the delay in the printing and making up of tax statements, the time for collecting the taxes has been delayed until January 25, 1940; Therefore, be it

RESOLVED, That the City Treasurer is hereby authorized and directed to extend the time for paying taxes and receiving the benefit of the 2% discount up to and including February 15, 1940.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.
Upon which motion the ayes and noes were ordered taken, and being taken were:

Ayes:—Messrs.

Duff	Weir
Evans	Wolk
Gallagher	O'Toole (Pres't)

And a majority of the votes of Council being in the affirmative, the motion prevailed.

The Chair stated

That he welcomed Miss Leech, Teacher of Civics Class of the Westinghouse High School, who was present with her class.

Mr. Weir moved

That the Minutes of the two meetings of Council of Monday, January 15, 1940, be approved.

Which motion prevailed.

And upon motion of Mr. Gallagher
Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Evans presented

No. 162.

WHEREAS, The City of Pittsburgh and the Housing Authority of the City of Pittsburgh entered into an agreement, said agreement being contained in Ordinance No. 337, approved July 9, 1938, and

WHEREAS, In the said Ordinance the City of Pittsburgh agreed to perform certain work mentioned in said Ordinance and to expend in execution thereof the sum of \$197,000, and

WHEREAS, It was recited in the said Ordinance that the property of the Housing Authority should be exempt from all taxes and special assessments except school taxes of a city, a county, the Commonwealth or any political subdivision thereof, and

WHEREAS, At the time the said agreement was negotiated, it was contemplated by the City and by the Housing Authority that this expenditure of \$197,000.00 was to be made as part compensation to the Housing Authority for the payment of school taxes, and

WHEREAS, At a date subsequent to the execution of the agreement, there was handed down by the Supreme Court of Pennsylvania a decision by which it was adjudicated that the property of the Housing Authority should not be subject to school taxes, and

WHEREAS, Notwithstanding the alteration of the considerations which led up to the said agreement, the City has proceeded, in good faith, to carry out the obligation above set forth and has installed sewers and water lines in Project Pa. 1-2, and has under construction sewers and water lines in Project Pa. 1-1, and proposes, at the proper time, to install lighting facilities in both projects, and

WHEREAS, When the agreement referred to in the second paragraph of this resolution was executed, through an oversight, the funds were not set aside for the carrying out of the said agreement for the expenditure of the \$197,000.00 above referred to, and

WHEREAS, The City now finds itself with no available funds to carry out

that part of the contract which provides for the paving of the streets within the boundary lines of projects Pa. 1 and Pa. 2, Therefore, be it

RESOLVED, That the Council of the City of Pittsburgh requests the Housing Authority of the City of Pittsburgh to enter into negotiations for the revision of this contract, and provide funds from their own development fund for the paving of the above mentioned streets.

Which was read.

Mr. Evans moved

The adoption of the resolution. Upon which motion, the ayes and noes were ordered taken, and being taken were:

Ayes:—Messrs.

Demmler	Kilgallen
Duff	Leonard
Evans	Weir
Gallagher	Wolk
	O'Toole, (Pres't)

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Mr. Gallagher arose and said:

Mr. President:—Immediately following the death of Charles Anderson, our colleague and friend, the President of Council, pursuant to precedent set by former Councils, appointed a special committee, consisting of Messrs. McArdle, Garland and myself, to draft a suitable memorial resolution.

Since the time of the appointment of that committee, one of the members died and the other has left the body of Council.

I have, therefore, taken it upon myself, as the surviving member of that committee, to draft resolutions, not only in memory of Charles Anderson, but our other colleague and friend, Peter J. McArdle.

It is an honor to submit these resolutions for the consideration and action of the body.

Mr. Gallagher presented

No. 163.

Charles Anderson, who died June 21, 1939, was unassuming, direct, frank, courageous, unfaltering in his faith and supremely confident in the ultimate triumph of any work he undertook.

He never despaired because he was

not able to attain the things for which he was striving, and he never acknowledged defeat or yielded to discouragement in striving toward his objectives.

He had many of the traits of character which we find in men of greatness. One of these qualities was strength and the other wisdom to submit to temporary inconvenience and to sacrifice advantage to achieve his ultimate ends. His philosophy was a mixture of tolerance, humor, insight, and understanding, and he had a persistent urge to substitute justice for injustice.

His qualities in general were supplemented by imagination, faith and courage.

Never was he so absorbed in his work that he did not have time for a word of kindness and encouragement for his colleagues and friends.

In early manhood he learned the plumber's trade, and was business agent for Local Union No. 27, Journeyman Plumbers; was plumbing inspector for the City of Pittsburgh from 1908 to 1917, and was an organizer for the American Federation of Labor. From 1920, when he was elected as a member of City Council, until the time of his demise, he retained membership in the Plumbers' Union, and represented that organization at the annual conventions of the American Federation of Labor.

During the World War, Mr. Anderson was an investigator and supervisor in the Bureau of Employment, United States Department of Labor, his duties including the responsibility of keeping the various war industries supplied with workers. A son, Charles, with the 3rd United States Field Artillery, died in France while in the service; Therefore, be it

RESOLVED, That the City of Pittsburgh, through its Council and the Mayor, expresses its deepest sorrow in the death of Charles Anderson, a colleague and friend, and extends its sympathy to the bereaved members of his family; And, be it further

RESOLVED, That an engrossed copy of this resolution be transmitted to the bereaved family.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.
Which motion prevailed by an unani-

mous rising vote.

Also

No. 164.

Peter J. McArdle closed his earthly career on New Year's Day, 1940. He was honest, truthful and upright. His life was like an open book. He advocated measures which he thought were right, no matter who opposed him, or if he stood alone.

Industrious, faithful, loyal in the public office to which he was called, Mr. McArdle rendered genuine service, and his initiative will be productive of benefits in the future to those for whom he labored—the people.

Many years before he or his friends thought that he would occupy a public position, he gave a great deal of time and thought to bettering the conditions of his city and to help his fellow-citizens; and during his long years of service in the legislative branch of the City Government, devoted much labor and thought to the welfare of her people. He indeed was a fine example of civic virtue.

When a young man he applied himself studiously to bettering his education, and rose to the highest position within the ranks of the labor organization of which he was a member.

He was tolerant of those who differed with him on any subject, and recognized in debate and otherwise that his opponents were actuated by the same patriotic sentiment in their position that he was in his.

His life was clean and pure; practicing daily all the principles he professed, with sublime devotion as a husband and father, plain, straightforward and unassuming, he was one whom any person would delight to honor; Therefore, be it

RESOLVED, That the City of Pittsburgh, through its Council and the Mayor, expresses its deepest sorrow in the death of Peter J. McArdle, a colleague and friend, and extends its sympathy to the bereaved members of his family; And, be it further

RESOLVED, That an engrossed copy of this expression of sympathy be transmitted to the bereaved family.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.
Which motion prevailed by an unanimous rising vote.

Mr. Weir moved

That the Minutes of Council of

Monday, January 22, 1940, be approved.

Which motion prevailed.

And upon motion of Mr. Kilgallen,
Council adjourned.

No. 201.

Pittsburgh, Pa.
February 9, 1940.

Subject: Repairs of Steam Turbine of the 50 M.G.D. DeLaval Pumping Unit at Ross Pumping Station.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

Whereas, the Steam Turbine of the 50 M.G.D. DeLaval Pumping Unit at Ross Pumping Station was wrecked during operation on February 1, 1940; and

Whereas, during the time this main dependable pumping unit at Ross Pumping Station is incapacitated, it is necessary to operate old, obsolete and unreliable equipment; and

Whereas, it is imperative that this very efficient and essential unit be restored in operating condition with minimum delay, to assure continuity of the City's water supply; and

Whereas, the undersigned consider the situation to constitute a serious public emergency; Now, therefore,

Pursuant to the terms and provisions of Section 13, of the Act of May 31st, 1911, relating to appropriations, we, the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of an emergency requiring a special appropriation of Twenty-four Thousand (\$24,000.00) Dollars, or so much thereof as may be necessary, to meet the same.

MOTIONS AND RESOLUTIONS

The Chair said:—Gentlemen, last Friday afternoon, Mr. E. W. Niederberger, Superintendent, Bureau of Highways and Sewers, held a conference with me, and reported that he had already exhausted the \$5,000.00 authorized to be spent for snow removal. He said that an additional \$10,000.00 would be required in his bureau to remove the snow from the public thoroughfares. I told him I could not speak for all the members of Council, but informed him that I would vote for this additional money for this purpose.

No harm will befall the Bureau as the money for the time being can be taken from the Street Cleaning Account for the first quarter, and later in the quarter the fund can be replenished by a transfer. I suggested to Mr. Niederberger that this expenditure should not exceed the sum of \$10,000.00.

If there are objections to the Bureau spending this money, will the members so state their objections?

Mr. Wolk arose and said:

Mr. President:—The sum of \$10,000 has not yet been expended.

Mr. Weir arose and said:

Mr. President:—Even if it has, I think it was the right thing to do, to get the snow off the streets as fast as possible.

Mr. Gallagher arose and said:

Mr. President:—I for one concur in the action of the President, and believe the Department should be complimented for the way in which it handled this emergency. The department had men working all day Sunday.

The Chair said:

Gentlemen, I take it that there are no objections to the action of the Bureau of Highways and Sewers spending this additional money for snow removal. Further, the proper legislation for the transfer of the money will be submitted to Council later for its consideration and action.

Mr. Weir moved

That the Minutes of Council for Tuesday, February 13, 1940, be approved.

Which motion prevailed.

And upon motion of Mr. Kilgallen Council adjourned.

A suspension of the rule to allow the second and third reading and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

The Chair presented

No. 346.

Pittsburgh, Pa.,

March 1, 1940.

To the President and
Members of City Council,
Pittsburgh, Pennsylvania.
Gentlemen:—

In response to your letter of February 28, 1940, addressed to me over the signature of E. W. Lindsay, City Clerk, in which you request information concerning the allocation and rental of Federal Food Stamp Distribution Centers, I beg leave to submit the following information to your Honorable Body:

First, the legal responsibility of the City of Pittsburgh, in regard to the operation of the Federal Food Stamp Plan, terminates with the furnishing of the \$50,000.00 revolving fund. The securing, equipping, leasing, and the payment of rentals therefor of Federal Food Stamp Distribution Centers is entirely the responsibility of the State Department of Public Assistance. The gratuitous leasing of space in the North Side and South Side Market Houses to the State Department of Public Assistance for the distribution of food stamps is a generous and cooperative but not a compulsory act on the part of the City of Pittsburgh. A conference with representatives of the State Department of Public Assistance reveals the following information: It is intended that there shall be a total of twelve Stamp Distribution Centers

in Allegheny County—four of which (including the two market houses now contemplated by your Honorable Body) will be within the City of Pittsburgh. At the present time I understand that the Board of Trade of the East Liberty Section has rented the property at 6247 Broad street to take care of the distribution of food stamps among the residents of East Liberty. I am informed that the Old Post Office Building will be used to distribute stamps to the residents of the Hill and Bigelow Boulevard Districts. I am also informed that if future circumstances warrant it, additional distribution centers will be put into operation.

Briefly summarizing, the procuring of space is a portion of the functions of the State Department of Public Assistance under the Federal Food Stamp Plan. Your Honorable Body was requested for two leases only because these two properties are apparently the only available two City-owned properties that are feasible for use as Stamp Distribution Centers. If there is any further information that I can gather for the use of your Honorable Body, you have only to inform me.

Very sincerely yours,
CLARENCE C. KLEIN,
Director.

Which was read, received and filed.

Mr. Kilgallen arose and said:

Mr. President:—May I inquire if a letter was sent to the Retail Grocers' Association for their opinion on this resolution—whether they approve or disapprove the location of these Food Stamp Divisions in the Market Houses?

The Clerk said:

Yes, there was.

Mr. Leonard arose and said:

Mr. President:—How much floor space do they ask for in the market houses?

The Chair:

The resolution permits them to use 4,000 square feet in the two market houses.

Gentlemen, I wish to call your attention to the objection raised by O. H. Lechner in his communication (Bill No. 321) received by Council today. He objects to the City allowing the Food Stamp Division to use the aisle in the North Side Market House

set aside for the use of farmers, and suggests this Division be allotted space on the balcony. He further suggests that this Division might be established in the basement of the Carnegie Free Library of Allegheny, where it would not interfere with other business. Mr. Leonard arose and said:

Mr. President:—I believe there is a lot of merit in the objections raised by Mr. Lechner, and before action is taken on this resolution it might be well to ascertain whether the section of the North Side Market House to which he refers might not be used for the distribution of these food stamps. Mr. Evans arose and said:

Mr. President:—I agree with Mr. Leonard. It would seem to me practical for the Food Stamp Division to use the space on the balcony in the market house if that is desirable. There is a large space there which is used only for ladies' bridge parties in the evening. I believe the space allotted to the farmers in the market should not be disturbed. A compromise should be reached by the Department of Lands and Buildings.

Mr. Weir arose and said:

Mr. President:—It is my opinion that the balcony is the proper place for this activity.

Mr. Kilgallen arose and said:

Mr. President:—Is there any urgency in this matter? Is the time element important?

Mr. Leonard arose and said:

Mr. President, Answering Mr. Kilgallen, the stamps are effective March 16.

Mr. Wolk arose and said:

Mr. President:—I understand the bill was returned by the Committee on Public Works to Council with an affirmative recommendation subject to a report from the Retail Grocers' Association as to whether they had any objection to the sale of these food stamps in the market houses. I don't know when the letter was sent out. Apparently we have not had an answer to that letter. It seems to me, for the moment, we have nothing before us, unless this Retail Grocers' Association has ignored our letter.

The Chair said:

I think they ought to have enough interest to answer the letter.

Mr. Gallagher arose and said:

Mr. President:—Inasmuch as they have not answered the letter, we can go on the assumption that they do not object to our turning over a portion of the market houses to the Food Stamp Division. Silence gives consent. Mr. Evans arose and said:

Mr. President:—Unless time is the essence, I would like one week's delay in order to ascertain whether space in the balcony in the North Side Market House would not serve the purpose of this Food Stamp Division.

Mr. Evans moved

That Bill No. 273 be laid on the table for one week, and in the meantime Council can determine whether space on the balcony in the North Side Market House would not be the proper place for the distribution of these food stamps by the Surplus Commodities Division.

Which motion prevailed.

Mr. Wolk presented

No. 347. Report of the Committee on Public Service and Surveys for February 27, 1940, transmitting several ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

No. 350.

WHEREAS, Ordinance No. 503, approved January 4, 1924, provides that all spaces in buildings used for light manufacturing purposes be constructed to sustain a live load per square foot of 125 pounds, and

WHEREAS, The F. E. I. Corporation desires to purchase the building now owned by the H. K. Porter Company situate in the 9th Ward at the corner of 49th and Harrison streets, and use the same for light manufacturing purposes; Therefore, be it

RESOLVED, That the Superintendent of the Bureau of Building Inspection be authorized and requested to issue a permit for the use and occupancy of the aforesaid building for the manufacture of cosmetics, upon condition that the floor load between the beams in said building shall not be subjected to a greater load than 70 pounds per square foot unless the said floor be reconstructed to sustain a greater load.

Which was read.

The Clerk:

Mr. President:—In connection with this resolution there is submitted a report thereon from the Department of Law and the Bureau of Building Inspection.

The Chair:

The Clerk will read these reports.

The reports are as follows:

DEPARTMENT OF LAW

March 1, 1940

Edward W. Lindsay,

City Clerk.

Dear Sir:

We hand you herewith for introduction into City Council at your earliest convenience, a resolution authorizing the Bureau of Building Inspection to issue a special permit for the use and occupancy of the present building of the H. K. Porter Company situate at the corner of 49th and Harrison Streets in the 9th Ward.

We also hand you herewith a communication addressed to the President and Members of City Council setting forth the reasons of the H. K. Porter Company why this resolution should be adopted. The communication also has attached a photostatic copy of the proposal to purchase by the F. E. I. Corporation who intend to use the building for the manufacture of cosmetics. This Department is informed by the H. K. Porter Company that the full purchase price will be applied towards the payment of delinquent taxes; and this being a new industry in the district, will furnish employment for approximately 150 persons.

We are also informed that the prospective purchaser, in the event that this building cannot be used for its purposes, is contemplating the purchase of a building outside the limits of the City of Pittsburgh.

You will note that the proposal of purchase is contingent upon action by the City of Pittsburgh on or before March 8, 1940.

Respectfully submitted,
WM. ALVAH STEWART,
City Solicitor.

HARRY C. BESCHEL,
Assistant City Solicitor.

DEPARTMENT OF PUBLIC SAFETY
BUREAU OF BUILDING INSPECTION

Pittsburgh, March 4, 1940

Honorable James L. O'Toole, Jr.,
President, Council of the City of
Pittsburgh,

Pittsburgh, Pa.

Dear Sir:

A Resolution has been presented to Council providing for a variation to ordinance covering floor loading of present office building of the H. K. Porter Company, at 49th and Harrison streets. Floors are claimed to be good for 70 lbs. per square foot live load and it is the desire of the parties interested to occupy the building for light manufacturing purposes, for which 125 lbs. per square foot construction is required by ordinance.

Should City Council see fit to grant this variation, this Bureau will require that a layout be furnished for each floor to be used for manufacturing purposes above the first floor, showing the loading to be maintained on every section of such floors, and, also require that every section be posted in a conspicuous place with the safe loading of each section.

Very truly yours,
H. L. SEAMAN,
Superintendent.

Mr. Weir arose and said:

Mr. President:—Inasmuch as the Department of Law and the Superintendent of the Bureau of Building Inspection approve the granting of this permit, and if it is granted, and the building converted to the purposes outlined in the resolution, it will give employment to a large number of men and women, and the building will be safe, I move

That the resolution be adopted.

Mr. Evans arose and said:

Mr. President:—I second the motion, and want to say that I will vote for the resolution. Strictly speaking the building laws today require for light industrial purposes 125 pounds per square foot live load. Inasmuch as the Bureau of Building Inspection approves this and will make periodical inspections to see that the floors are not overloaded, I think we are justified in passing this resolution.

The Chair:

Gentlemen:—I am not familiar with it; so I am not prepared to vote for it. Mr. Leonard arose and said:

Mr. President:—I am in hearty accord with the program to bring industries to Pittsburgh; but if it is not clear, as you state, it should be looked into further by the Bureau of Building Inspection. I think Mr. Seaman's letter should be more specific. Every precaution should be taken to prevent a catastrophe in this building after it is occupied and devoted to the purposes as set forth in the resolution.

Mr. Kilgallen arose and said:

Mr. President:—The Building Code Ordinance specifically states that all buildings devoted to light manufacturing purposes shall be so constructed as to maintain a live load of 125 pounds per square foot. This building will maintain 75 pounds per square foot live load under certain conditions. It so happens that the prospective purchaser is interested in the manufacture of cosmetics which does not require heavy machinery. As the Superintendent of Building Inspection says, if this resolution is adopted, he will see that every precaution is taken to prevent any accidents in this building. I think we should be interested in bringing new industries to Pittsburgh, and particularly the Lawrenceville district, where employment will be given to many men.

Mr. Wolk arose and said:

Mr. President:—Inasmuch as the Mayor will have to indicate whether he approves or disapproves this resolution, and inasmuch as I am not completely satisfied with Mr. Seaman's letter—he does not furnish sufficient information—I am going to vote for this resolution with the understanding that the Mayor will be requested to confer with Mr. Seaman to determine that the facts are

set forth in his letter are true. With that understanding, that the Mayor will communicate with Mr. Seaman before he acts on the resolution, I will vote for it.

Mr. Kilgallen arose and said:

Mr. President:—May I ask that the last paragraph of the resolution be read again?

(The paragraph referred to was read).
Mr. Duff arose and said:

Mr. President:—It seems to me that inasmuch as the Superintendent of the Bureau of Building Inspection approves this matter, and says that the building is adequate to carry a live load of 70 pounds per square foot, I am going to vote for the resolution.

Mr. Kilgallen arose and said:

Mr. President:—There is another element, but not important, but nevertheless something we ought to take into consideration, that when the new owner takes possession of this property, all the delinquent taxes against it will be paid, and in this particular transaction it will mean \$21,000.00 to the City of Pittsburgh.

Mr. Leonard arose and said:

Mr. President:—I can see Mr. Kilgallen's point; but there is another element which enters into this matter. Who will be held responsible should a catastrophe occur in this building because of this variation in the building ordinance? I think the precautions outlined in Mr. Seaman's letter should be specifically stated in the resolution.

Mr. Evans arose and said:

Mr. President:—It is provided in the ordinance that the Bureau of Building Inspection shall police the building. I think the Building Inspector in that district should see that the letter of the law is carried out.

Mr. Wolk arose and said:

Mr. President:—I think the matter is important enough to have Mr. Seaman here to elaborate upon his letter. I am not satisfied with his communication, and if time is the essence here, I suggest that Mr. Seaman be asked to appear before Council today.

The Chair stated

That if there were no objections, Council would recess for ten minutes so that Mr. Seaman Super-

intendent of the Bureau of Building Inspection could be heard.

And there being none, Council recessed.

And the time of the recess having expired, Council reconvened, and there were present:

Messrs.	
Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't).
Kilgallen	

The Chair:

Mr. Seaman is here. What about this matter?

Mr. H. L. Seaman, Superintendent, Bureau of Building Inspection, said:

Mr. President and Members of Council:—This is a fireproof building. The only thing lacking in it to be used for light manufacturing purposes is the weight of the floors. It is adequate for 70 pounds per square foot, while our ordinance calls for 125 pounds per square foot. It is my opinion that if they will use the building as the resolution calls for, and according to the letter which will be sent them by the Bureau of Building Inspection, there is no objection to the occupancy permit being issued on that basis.

The Chair:

Unless you issue the permit, they cannot use the building for their purposes?

Mr. Seaman:

That is the reason why we should have a special resolution. They can use this particular building for this one purpose only.

Mr. Evans arose and said:

Mr. Seaman, in other words, if another change is desired in the occupancy of this building, a new occupancy permit will have to be obtained?

Mr. Seaman said:

That is correct.

Mr. Evans said:

For instance, if someone else wanted to store sugar in this building, he would have to get another occupancy permit?

Mr. Seaman said:

Yes, sir. They must maintain the live loads as stipulated in the resolu-

tion. The floor is not strong enough for heavier loads.

Mr. Kilgallen arose and said:

May I ask a question, Mr. President?
The Chair:

Mr. Kilgallen.

Mr. Kilgallen: said:

If this resolution is adopted, isn't it your duty, Mr. Seaman, to see that the occupant does not exceed 70 pounds per square foot? How often do you think you ought to look at that building?

Mr. Seaman said:

It might mean every day. We will perform our duty to the best of our ability with the number of men available in the bureau. It is understood that we cannot go into every building in the city every day; we don't have enough inspectors. I don't think the city should carry the responsibility in this matter. Another thing, every section of the floors will be posted in a conspicuous place with the safe loading for each section.

Mr. Evans said:

Do I understand these floors will be posted?

Mr. Wolk said:

It is not in the resolution; it is merely stated in Mr. Seaman's letter.

Mr. Seaman said:

Each section of the floor will be posted. It is divided off like a bridge, and each section will have a sign posted in a conspicuous place showing the live load thereof.

Mr. Kilgallen said:

What is the safety factor in this 70 pounds per square foot?

Mr. Seaman said:

Three to one.

Mr. Kilgallen said:

That is to say, that this particular building, which is provided for 70 pounds, could be used up to 210 pounds?

Mr. Seaman said:

Yes, sir.

Mr. Kilgallen said:

Mr. President: If there are no fur-

ther questions, I suggest action on the resolution.

Mr. Wolk said:

Mr. President: The resolution should be amended in accordance with Mr. Seaman's verbal statement; that is, that the regulations set forth in his letter should be made part of the resolution.

The Chair said:

Are there any further questions, or remarks?

Mr. Wolk moved

To amend the resolution by adding the following: "Provided, that a layout be furnished to the Bureau of Building Inspection for each floor for manufacturing purposes above the first floor, showing the load to be maintained on every section of such floors, and that each section of the floors be posted in a conspicuous place with the safe loading of such sections."

Which motion prevailed.

And the question recurring on the adoption of the resolution as amended, the ayes and noes were ordered taken, and being taken were:

Ayes:—Messrs.

Demmler	Kilgallen
Duff	Leonard
Evans	Weir
Gallagher	Wolk

Noes: Mr. O'Toole (Pres't).

Ayes 8. Noes 1.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Mr. Wolk moved

That it is the sense of Council, before acting on the resolution, the Mayor be asked to consult with the Law Department as to its legality.

Which motion prevailed.

Mr. Weir moved

That the Minutes of Council of Monday, February 26, 1940, be approved.

Which motion prevailed.

And upon motion of Mr. Gallagher
Council adjourned.

UNFINISHED BUSINESS

Also

Bill No. 273. Resolution authorizing, empowering and directing the Mayor and the Director of the Department of Lands and Buildings to enter into a lease with the Commonwealth of Pennsylvania, Department of Public Assistance, for approximately 4,000 square feet of floor space on the first floor of the North Side Market House and South Side Market House, beginning upon the approval of this resolution and continuing until terminated by the City upon thirty days' notice in writing to the lessee, provided the lessee shall pay the cost of installing electric meters and electric current consumed on the premises, and absolving lessee from payment of any rental or fee for the use and occupancy of the aforesaid premises.

In Council, March 4, 1940, read and laid over for one week, and Mr. Evans to furnish certain information pertaining thereto.

Which was read a second time.

Mr. Evans arose and said:

Mr. President:—I would like to ask if you received any written requests for hearings on this resolution?

The Chair said:

I recall none.

Mr. Evans said::

Mr. President:— I investigated the matter of the leasing of a portion of

the North Side Market House to the Federal Surplus Commodities Commission for the distribution of food stamps, and I find that all the farmers have been placed in other parts of the market. The portion of the market that is to be used for the Food Stamp Division has been prepared for that purpose, and I was advised by Mr. Knight, of the Federal Surplus Commodities Commission, that the Government would not accept space on the balcony because of the steps. Therefore, inasmuch as the farmers have been taken care of in other parts of the market, I recommend the passage of the resolution.

Mr. Wolk arose and said:

Mr. President:—Is there a letter from Mr. Wolff of the Retail Grocers Association?

The Chair said:

No.

Mr. Evans moved

A suspension of the rule to allow the third reading and final passage of the resolution.

Which motion prevailed.

No. 385.

March 6, 1940.

President and Members,
City Council,
Pittsburgh, Pa.

In Re: Bill No. 302.

Gentlemen:

At a meeting of the Finance Committee held Tuesday, March 5, 1940, Bill No. 302, "A Resolution authorizing the City Solicitor to accept the sum of \$338.57 in full settlement of the City's right of subrogation in the case of Earl Johnson, a City Patrolman," was affirmed subject to a report from the Budget Controller.

The question involved is, whether or not an agreement between the plaintiff and the defendant is based upon the City accepting the reduced amount.

Because of a doubtful question of agency, an agreement was made between the plaintiff and defendant, based upon Mr. Stewart's agreement to recommend to Council the acceptance of half of the amount due the City of Pittsburgh, namely, the sum of \$338.57 in full settlement of the claim of \$677.15, provided, however, Counsel for the plaintiff would waive his right to 20% commission allowed him by ordinance for collection.

Respectfully yours,

RICHARD NEFF,

Budget Controller.

Which was read, received and filed.

March 25, 1940

Subject: Report on Bill 399.

Chairman and Members,

Finance Committee,

City of Pittsburgh.

Gentlemen:

It is our estimate that the City's cost of laying water lines necessary to supply Highland Village Plan of Lots will be approximately \$4,000, and the prior grading of streets where water lines are to be laid will cost approximately \$500, with the proviso that W. P. A. assistance can be obtained for these activities to the usual extent.

This report is submitted pursuant to your committee action when considering Bill 399, "An Ordinance authorizing the Mayor and the Director of the Department of Public Works to grade streets and to construct water lines with appurtenances within Highland Village Plan of Lots, 10th Ward, in conjunction with F. W. P. A. and providing for payment of City's share of cost thereof."

Other W. P. A. legislation now be-

fore Council provides authorizations and appropriations for this work.

Yours very truly,

F. M. Roessing,
Director.

No. 517.

Pittsburgh, Pa.
March 29, 1940.

Committee on Public Works.

Gentlemen:

Your committee has referred to this Department an Ordinance providing for a contract for the grading, paving, curbing and otherwise improving of certain streets under Projects Pa. 1-2, Bedford Dwellings, and Pa. 1-1, Terrace Village, of the Housing Authority of the City of Pittsburgh, and providing for the payment of the same, and has requested

us to advise you whether it is legal for the City to enter into the contracts in question.

The Ordinance provides for the payment of the cost of the work by the Housing Authority from funds to be hereafter supplied, and contemplates further an agreement between the City and the Housing Authority in connection with certain phases of this work.

We see no legal objection to the passage of this Ordinance so as to expedite the work, if a satisfactory agreement can be reached with the Housing Authority. The City is amply protected since, in the event a proper agreement is not hereafter entered into, the City can refuse to proceed with the execution of the contracts.

Very truly yours,

WM. ALVAH STEWART,
City Solicitor.

Which was read, received and filed.

And the bill as read a second time was agreed to.

Which was read, received and filed.

Also

Bill No. 446. An Ordinance entitled, "An Ordinance establishing a quarantine for dogs within the City of Pittsburgh, providing for penalties for the violation of the quarantine and providing for the establishment of additional quarantines by the Director of the Department of Public Health."

Which was read.

In Health and Sanitation Committee, March 27, 1940, bill read and amended by striking out Sections 3 and 4 and by inserting in lieu thereof a new section to be known as Section 3, as shown in red, and as amended ordered returned to Council with an affirmative

recommendation.

Which was read.

Mr. Kilgallen moved

That the amendments of the Health and Sanitation Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Kilgallen moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Kilgallen said:

Mr. President:—This is the "dog" ordinance which we have been discussing and considering for some four or five weeks. There has been some discussion among the members of Council as to whether or not the ordinance as now amended meets with the approval of all councilmen. If it does not meet with their approval, I have in mind making a motion to recommit the bill to the Committee on Health and Sanitation for further consideration. However, before I do that, I ask for some expression from the members of Council.

Mr. Leonard arose and said:

Mr. President:—I just want to get it clear in my mind that the only provision in the ordinance as amended for a quarantine of dogs is that the quarantine shall remain in force for 100 days. Further, that dogs are not permitted to run at large, except at the risk of the owner, who shall pay the sum of \$25.00 for the recovery of the animal. And further when owners take their dogs out, the dogs shall be held on a leash. Is that correct?

The Chair:

Yes, sir.

Mr. Leonard said:

If the dog is picked up and is taken to the dog pound, the owner can go to the City Treasury, pay the penalty of \$25.00 and recover his dog, if it doesn't have rabies; and if the dog is not claimed within 48 hours it is destroyed. In other words, the dog is not kept in quarantine unless it has rabies. Is that correct?

The Chair:

Mr. Kilgallen, Chairman of the Committee on Health and Sanitation, can enlighten us with respect to the provisions of the ordinance.

Mr. Kilgallen arose and said:

Mr. President:—The ordinance as it now reads provides for a 100-day quarantine of all dogs in the City of Pittsburgh. The only effect of the quarantine is that the owner must confine the dog or keep him on a leash. If the owner fails to keep the dog at home, the authorities will pick it up and keep it for 48 hours. If it is not claimed within that time, it will be destroyed. If the dog is claimed, the owner will go to the City Treasurer's office and pay \$25.00.

Mr. Weir arose and said:

Mr. President:—As I take it, then, this quarantine will prevail only for 100 days?

The Chair said:—

Except that the Director of the Department of Public Health has a right to extend the quarantine for a further period.

Mr. Gallagher arose and said:

Mr. President:—I am heartily in favor of the ordinance as presented here. It does not carry out the object that Dr. Alexander propounded here last week. He claimed that the dog should be impounded for a period of 100 days to determine whether the dog had rabies. That I didn't agree with.

I realize, according to newspaper reports, that there is a certain emergency caused by rabid dogs running around loose.

I am going to vote for this ordinance as printed, but I think the City of Pittsburgh, which is paying the Animal Rescue League \$12,000.00 a year to pick up stray dogs, should insist that the Animal Rescue League do their work. Under this ordinance, the owner is required to keep the animal on his own property; and if the dog is caught running at large and is claimed by the owner, the owner must pay \$25.00 for the release of the dog; and if the dog is not claimed within 48 hours, it is to be destroyed. If there is an emergency in the City of Pittsburgh because of rabies, then I say the Animal Rescue

League should go out and round up every stray dog in the City. I was informed this morning that there are thousands of dogs running at large in the City. Some people—particularly veterinaries—want a public hearing on this ordinance because they object to some of its provisions. I think, now, when we pass this ordinance, the Animal Rescue League should get out and pick up all these stray dogs.

Mr. Weir arose and said:

Mr. President:—I think if the matter had been properly policed, it would not be necessary to pass this ordinance.

Mr. Wolk arose and said:

Mr. President:—I am voting AYE on this ordinance with the understanding that we will continue further the investigation of the matter as to whether some other restriction should be made in order to protect the citizens of Pittsburgh if such an epidemic, as has been claimed, exists in the City of Pittsburgh.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't)
Kilgallen	

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

Mr. Gallagher presented

No. 566. WHEREAS, On March 11, 1940, this Council adopted a resolution that any reduction in electric rates within the City of Pittsburgh "shall be made on an equitable basis," and directed that an official request be made to the Public Utility Commission of Pennsylvania that the City of Pittsburgh and other customers in the City be treated justly and fairly in this matter; and

WHEREAS, Said Commission later handed down an Order on March 19, 1940, directing cuts to the amount of \$1,724,000.00 to be made forthwith by Duquesne Light Company, and said company has filed a new tariff effective after March 31, 1940, which said tariff denies any reduction to small users of 40 Kilowatt hours or less, numbering more than 80,000 families and including about 40,000 families dwelling wholly within the City of Pittsburgh; and

WHEREAS, In the last Order of said Commission, August 17, 1937, directing a cut of \$1,250,000.00 this same large group of small income people got no relief and now both cuts aggregate \$3,000,000.00, a sum equal to about one-quarter of the entire domestic lighting revenue and larger than the whole annual payment by the 40 Kilowatt-hour users; Therefore, be it

RESOLVED, Since this is a technical rate matter, that the City Utility Rate Expert go to Harrisburg and examine the reports of the Duquesne Light Company and pertinent consumer data, to ascertain if the low-income patrons of said company should not benefit in these reductions, and report back to this Council at its next meeting; and, be it further

RESOLVED, That the City Solicitor be directed to petition the Commission to

re-open its rate case against the Duquesne Light Company, at C. D. 11405, to receive new data from the City, which will show that small consumers should share also in these large rate cuts.

Which was read.

Mr. Gallagher moved

The adoption of the resolution. Mr. Gallagher arose and said:

Mr. President:—My reason for introducing this resolution: I noticed in the papers last week that an organization—the Pennsylvania Public Ownership League—has requested the Public Utility Commission of Pennsylvania to grant a further hearing on the rate reduction offered by the Duquesne Light Company.

I also noticed in one of these newspaper articles that the Mayor of the City of Pittsburgh has signed a petition for such a hearing.

I take the position, in both reductions offered by the Duquesne Light Company, that it does not take care of the small user of electricity—the people who use under 40 kilowatt hours: those small groups are people on relief, working on W, P. A. or in the low-income class. There are 80,000 families in this class in the County, 40,000 of which live in the City of Pittsburgh.

The public ought to have the information requested in this resolution. That is the reason I am asking the Utility Engineer in the Law Department to go to Harrisburg and get this data, so that if the Public Utility Commission grants a hearing on this petition of the Pennsylvania Public Ownership League, the City of Pittsburgh will be in a position to show where this low-income group has not benefited in the reductions in the electric light rates. In 1937 the Duquesne Light Company reduced its rates, amounting to \$1,250,000, and this low-income group did not share in its benefits. In this latter reduction in light rates the small consumer does not share in the benefits. According to the Pennsylvania Public Ownership League, the Duquesne Light Company has made far in excess of the 6 per cent. allowed by law. I think the City of Pittsburgh should take an interest in the affairs of this small income group and see that they also share in the benefits of any rate reductions

made by the Duquesne Light Company.

And the question recurring on the adoption of the resolution.

The motion prevailed.

Mr. Kilgallen presented

No. 567. RESOLVED, That the Mayor be and he is hereby requested to return to Council, without action thereon, for further consideration, Bill No. 198, entitled, "An Ordinance amending and supplementing portions of Section 9, Department of Law, of Ordinance No. 618 entitled, 'An Ordinance fixing the number of officers and employes of all departments of the City of Pittsburgh, and the rate of compensation thereof,' which became a law January 9, 1939."

Which was read.

Mr. Kilgallen moved

The adoption of the resolution.

Which motion prevailed.

And the Mayor having returned, without action thereon,

Bill No. 198. An Ordinance entitled, "An Ordinance amending and supplementing portions of Section 9, Department of Law, of Ordinance No. 618, entitled, 'An Ordinance fixing the number of officers and employes of all departments of the City of Pittsburgh, and the rate of compensation thereof,' which became a law January 9, 1939."

In Council, April 1, 1940, bill read, rule suspended, read a second time, amended by striking out the amount "\$2,750.00," and by inserting in lieu thereof the amount "\$2,400.00," and as read a second time and amended agreed to, read a third time and finally passed.

Which was read

Mr. Kilgallen moved

To reconsider the vote by which the bill was read a second and third times and finally passed.

Which motion prevailed.

And the question recurring "Shall the

bill be read a second and third times and finally passed?"

The motion did not prevail.

Mr. Kilgallen moved

To amend the bill in item "Four Legal Stenographers" by striking out the word "Four" and by inserting in lieu thereof the word "Three," and by inserting after the said item the words "Legal Stenographer, \$1,820.00 per annum."

Which motion prevailed.

And the bill having been printed as amended and placed upon the members' desks, was agreed to on second reading as amended.

Mr. Kilgallen moved

A suspension of the rule to allow the third reading and final passage of the bill.

Which motion prevailed.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't)
Kilgallen	

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Weir moved

That the Minutes of Council of Monday, April 1, 1940, be approved.

Which motion prevailed.

And upon motion of Mr. Gallagher Council adjourned.

No. 613.

Pittsburgh, Pa.
April 9, 1940.

President and Members

The City Council,
City of Pittsburgh.
Gentlemen:

I return herewith, disapproved, Bill No. 446, establishing a quarantine for dogs in the City of Pittsburgh.

After an examination into this question and consultation with Dr. Philip B. Hadley of the Western Pennsylvania Hospital, a well-known Epidemiologist, I have determined that this is the right course to pursue.

Enclosed herewith is a letter to me from Dr. Hadley which encloses his suggestions for Sections 3 and 4 of the Ordinance.

Will you please give this matter further study in the light of Dr. Hadley's letter?

Very truly yours,
CORNELIUS D. SCULLY,
Mayor.

Which was read.

Also

Bill No. 446. An Ordinance entitled, "An Ordinance establishing a quarantine for dogs within the City of Pittsburgh; providing for penalties for the violation of the quarantine, and providing for the establishment of additional quarantines by the Director of the Department of Public Health."

In Council, April 1, 1940, bill read, Committee amendments agreed to, rule suspended read a second and third times and finally passed.

Which was read.

Mr. Gallagher arose and said:

Mr. President:—In order to consider the suggestions made by the Mayor in his veto message, I move that the bill be recommitted to the Committee on Health and Sanitation for further consideration and action.

The Chair said:

Gentlemen:—Under the rules of Council, it is necessary to either sustain or override a Mayor's veto.

Mr. Evans arose and said:

Mr. President:—I move that action on the bill be deferred for one week, and Council in the meantime consider the suggestions offered by the Mayor.

Mr. Gallagher said:

Mr. President:—The reason I moved that the bill be recommitted to the committee was the fact that the Mayor, in his letter and that of Dr. Hadley, make certain suggestions. I don't consider the Mayor's communication a veto. He makes certain recommendations with respect to this subject.

The Chair said:

The language in the Mayor's communication is very definite. He says, "I return herewith, disapproved . . ."

Mr. Wolk arose and said:

Mr. President:—How can we get it back to committee?

The Chair said:

My suggestion is that a new ordinance be prepared and introduced in Council covering this subject.

Mr. Gallagher arose and said::

Mr. President:—As I view it, the Mayor is making certain recommendations, and in order to embody these recommendations in the ordinance, it is necessary to amend the bill. I am willing to go along with the Mayor on his recommendations, because there is an emergency existing in the City of Pittsburgh. Under parliamentary law, if this is a veto, we must either approve or disapprove the ordinance, notwithstanding the objections of the Mayor. However, along with his veto, he is making certain recommendations suggested by Dr. Hadley. The point is, we must either approve or disapprove the Mayor's veto, to put ourselves in the position of further discussing his recommendations.

Mr. Kilgallen arose and said:

Mr. President:—As the legislative body, we have the right to defer action on any ordinance or resolution vetoed by the Mayor, and in this case, I think it is the sensible thing to defer action on this bill for one week. In the interim, we can study the Mayor's recommendations, and if we believe they are sound and logical, we can embody them in another ordinance.

Mr. Leonard arose and said:

Mr. President:—For how long a period can we defer action on a Mayor's veto? The Chair said:

We have taken it for granted (I don't know on what authority) that one week's time for deferring action on a Mayor's veto is reasonable; and it has heretofore been ruled that Council's failure to take action within that time, the vetoed ordinance or resolution dies. The Chair so rules.

Action on the veto will be deferred until later in the meeting.

UNFINISHED BUSINESS

The Chair took up

Bill No. 446. An Ordinance entitled, "An Ordinance establishing a quarantine for dogs within the City of Pittsburgh; providing for penalties for the violation of the quarantine, and providing for the establishment of additional quarantines by the Director of the Department of Public Health.

In Council, April 15, 1940, returned with objections of the Mayor, read and further action deferred until the next meeting.

Which was read.

And on the question "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. Wolk arose and said:

Mr. President:—I want to make my position clear on this ordinance. When it came before Council originally, I said I was voting for it with the understanding that we would continue the investigation as to whether some other restrictions should not be made in addition to the provisions set forth in this ordinance. I voted Aye on the bill. When the matter was before the committee last Tuesday, I suggested other restrictions which I thought were reasonable, particularly the proviso that when a dog is picked up it should be impounded for a period of 30 days, after which time it would be released. The cost of maintenance of the dog for that period would be \$19.50.

The ordinance now before us provides that the owner reclaiming a dog shall pay \$25.00, which is more than the cost of the maintenance of the dog for the 30-day period. Under my suggestion, the owner would pay \$19.50 instead of \$25.00, and the public would have greater protection.

The reason I asked that the dog be held in quarantine for 30 days, is to determine during that time whether it had rabies or not. A dog under this ordinance is impounded for two days, and if the owner pays the fine, the dog is released. Suppose while the dog is incarcerated for this short period, it comes in contact with a rabid dog and is released. And suppose this unsuspected rabid dog is returned to its owner, then this dog may transmit the disease to other dogs or give hydro-

phobia to persons. Therefore, I think the 30-day quarantine should be provided for in the ordinance, during which time it could be determined whether the dog is rabid or not. The owner of the dog in that event would not be put to as much expense for maintenance as he would under this particular ordinance. I further suggested that the ordinance provide for the muzzling of the dog, so that this additional protection would be afforded to the public as well as to the owner.

I am not going to vote to sustain the Mayor's veto despite the fact that he is right in his contention. Since Council will not pass an ordinance with the restriction of at least the 30-days impounding period, I am voting for this ordinance with the hope it will have some effect in causing the owners of dogs to keep them either on the premises or on a leash.

Mr. Weir arose and said:

Mr. President:—Before this ordinance was passed it was given due and careful consideration by Council. I think there are plenty of teeth in this ordinance, if enforced, to protect the people of Pittsburgh from rabid dogs.

Mr. Gallagher arose and said:

Mr. President:—I expressed my opinion on this question several times. I still maintain that if the Animal Rescue League were on the job and picked up all stray dogs running at large on the public streets, there would not be this rabies menace. Although this ordinance may not be satisfactory to everybody as drawn, I am going to vote to override the Mayor's veto.

Mr. Leonard arose and said:

Mr. President:—I feel like Mr. Gallagher, and was very much interested to read the report of the Medical Society as published the other day with respect to this dog question.

We have not taken the opinion of the Health Director without due regard.

The Medical Society says we have an ordinance on the statute books which is satisfactory if enforced. They say that this ordinance, with the addition of the muzzling of the dogs for the period of the quarantine, would be satisfactory. I feel that the laws on the statute books are sufficient if enforced.

Therefore, I am going to vote AYE

on this ordinance notwithstanding the objections of the Mayor.

And the question recurring "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were ordered taken agreeably to law and were:

Ayes:—Messrs.

CITY OF PITTSBURGH

Office of the Mayor

April 25, 1940.

President and Members,
The City Council,
City of Pittsburgh.

Gentlemen:

I return herewith, without my signature, Bill No. 601—

"An Ordinance granting unto the Shadyside Amusement Corporation of Pittsburgh, Pennsylvania, its successors or assigns, the right to con-

struct, maintain, use and operate a vault together with an eight (8) inch water well in the southerly sidewalk at No. 5520 Walnut street, adjacent to their property between Ivy and Bellefonte streets, in the Seventh Ward of the City of Pittsburgh, Pennsylvania."

I am doing this in order that it may call the attention of Council to a matter of policy in respect to the questions involved.

The letter of the Director of Public Works says—

"This vault and water well is for the purpose of air conditioning and cooling system for a moving picture theatre at the aforementioned address.

There will be no utility plant affected and the Department of Public Works has no objection to this construction."

The City of Pittsburgh is in the water business and it is a bit inconsistent for it being in that business, and in derogation of its best interest as a supplier of water, to grant permits for the drilling of wells on its sidewalks thus lose a customer for what had heretofore been considered normal use of water on the premises, as well as potential customers for water for the above purpose.

Air conditioning is increasing at such a rate in the City of Pittsburgh that the revenue promises to be a substantial source of income and I believe that we should adopt the policy of requesting those who install air conditioning equipment to buy their water from the City.

I am advised that we have granted permits in the downtown area for 89 wells and the Water Department is of the opinion that approximately \$245,000 of receipts are lost by reason of this use.

Very truly yours,

CORNELIUS D. SCULLY,

Mayor.

Which was read, received and filed.

Also

Bill No. 601. An Ordinance entitled, "An Ordinance granting unto the Shadyside Amusement Corporation of Pittsburgh, Pennsylvania, its successors or assigns, the right to construct,

maintain, use and operate a vault together with an eight (8) inch water well in the southerly sidewalk at 5530 Walnut street, adjacent to their property between Ivy and Bellefonte streets, in the Seventh Ward of the City of Pittsburgh, Pennsylvania."

In Council, April 22, 1940, bill read, rule suspended, read a second and third times and finally passed.

Which was read.

Mr. Wolk moved

That further action on the bill be postponed for one week.

Which motion prevailed.

Mr. Kilgallen arose and said:

Mr. President and Members of Council:—Over the week end, death came to Attorney Edward G. Coll, an Assistant City Solicitor, and I rise to move that Council now adjourn out of respect to his memory.

At the time of his death Mr. Coll was about 70 years of age. For almost half a century he had played a distinctive and colorful part in the legal affairs of our city. His name has been associated with some of the most discussed and important court room battles of the past 30 years. In addition to having an adept, legalistic mind, Mr. Coll had a companionable and humane disposition that endeared him to his associates. He leaves a vacant place in our midst.

I move

That Council do now adjourn out of respect to his memory.

Which motion prevailed by an unanimous rising vote.

And Council adjourned.

UNFINISHED BUSINESS

Bill No. 601. An Ordinance entitled, "An Ordinance granting unto the Shadyside Amusement Corporation of Pittsburgh, Pennsylvania, its successors or assigns, the right to construct, maintain, use and operate a vault together with an eight (8) inch water well in the southerly sidewalk at 5520 Walnut street, adjacent to their property between Ivy and Bellefonte streets, in the Seventh Ward of the City of Pittsburgh, Pennsylvania."

In Council, April 29, 1940, bill returned by the Mayor with his objections, and further action postponed for one week.

Which was read.

And on the question "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. Duff arose and said:

Mr. President: I think, in view of the fact that the use of water for these air conditioning plants is coming into general use, we ought to determine upon a policy with respect to the rate to be charged for city water for such purposes.

It seems to me the City has an abundant water supply and can furnish to those desiring City water all they require. Therefore, we ought to do everything we can to have these people use our water instead of encouraging private water supplies.

The gentleman representing the Amusement Company, when he appeared before the Committee, said that he needed cool water for the air conditioning plant to be installed in the theatre of his client, and that the water furnished by the City was too warm for his purposes; and, therefore, asked permission to install his pump on city property. I think it is just as reasonable and tenable for an Eskimo, who becomes a guest at the Wm. Penn Hotel, to ask permission to allow him to build an igloo in his room so as to make it more adaptable to his needs.

I have no conviction in this matter, but I think we ought to determine upon a policy as to what the City should charge for water supplied for air conditioning plants. The City is in a position to supply all the water needed for this use and inducements should be offered property owners to purchase their water supply from the City. If this veto is upheld, I propose to introduce immediately legislation for supplying water for this type of user at rates advantageous to the people making such use.

Mr. Gallagher arose and said:

Mr. President:—I agree with the remarks of Councilman Duff. The fact of the matter is that the City has a surplus of water and if the plan proposed by him is adopted, we will be in a position to supply water for this purpose at rates lower than they can furnish the water. I think the Mayor is right in his contention, and for that reason will vote to sustain his veto.

Mr. Weir arose and said:

Mr. President:—I am going to vote to sustain the Mayor's veto. I also agree with Mr. Duff; I think his point is well taken, and legislation should be adopted by the City whereby users of city water for air conditioning purposes, shall be furnished water at rates advantageous to such users.

Mr. Leonard arose and said:

Mr. President:—I too feel that the

Mayor is right in his contention that the City is well equipped to furnish all the water required for air conditioning purposes, but I cannot agree with him on this particular franchise, because the owner can put a well on his own property. I think a general policy with respect to the City furnishing water for this type of user should be adopted, but in this one particular instance, I think the petitioner should be allowed to proceed with the installing of his own pump.

And the question recurring, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Leonard	O'Toole, (Pres't)
Wolk	

Noes:—Messrs.

Demmler	Gallagher
Duff	Weir

Ayes 3. Noes 4.

And there not being two-thirds of the votes of Council in the affirmative, the bill failed to become a law notwithstanding the objections of the Mayor.

May 3, 1940.

Committee on Public
Works of Council.
Gentlemen:

On Bill No. 679, being an Ordinance providing for a contract for the regrading, repaving, recurbbing, etc., of certain streets, concerning which your Committee requested a report, I wish to advise as follows:

The Ordinance does not contemplate a widening of the respective streets in the sense in which this word is used with respect to condemnation. There is no taking in any instance but simply a readjustment with respect to areas of paved roadway and sidewalk. I would, therefore, suggest that the word "widening" be eliminated from the Ordinance, since it is unnecessary and, as your Committee points out, misleading. With that change it is my opinion that the Ordinance is in proper form.

Respectfully yours,

WM. ALVAH STEWART,
City Solicitor.

Which was read, received and filed,
Mr. Wolk moved

To amend Bill No. 679 in Section 1 and in the title by striking out the word "widening."

MOTIONS AND RESOLUTIONS

Mr. Wolk presented

No. 831.

WHEREAS, The legislative program of the State administration includes the

diversion of more than \$800,000.00 due the City of Pittsburgh from fees for liquor licenses and from taxes on premiums of out-of-State fire insurance companies, sources of revenue which have been available to the municipalities of the State for many years and upon the assurance of, the receipt of which budgetary practice has been based; and,

WHEREAS, Council of the City of Pittsburgh is apprehensive that this money will not be repaid at a later date in view of the fact that the State administration ignored the promise, created by previous legislative Act, to take over the care of mental patients at Mayview, and further, there is no assurance that the next Legislature will carry out the promises of the present one; and,

WHEREAS, There is no assurance that the City of Pittsburgh can borrow the sum to be diverted by the State without affecting its present credit and entirely upon the restricted security of the promise of the State to repay said sum by June 1 1941; and,

WHEREAS, The statements of various spokesmen for the State administration make it obvious that this is the first step in the move to transfer all or part of the relief burden to local governments, whose restricted taxing powers would make it impossible for them to support relief without increasing real estate taxes to a devastating and crushing degree; and,

WHEREAS, The City of Pittsburgh now receives no return from the State of the millions of dollars of gasoline, motor vehicle, inheritance, personal property and other taxes collected by the State from residents of Pittsburgh; and,

WHEREAS, The State unjustly prohibits taxation by the City of Pittsburgh of the real estate of public utilities; Now, Therefore, be it

RESOLVED, That the Council of the City of Pittsburgh does oppose, condemn and denounce the breach of faith upon the part of the State Administration in attempting to divert funds of the City of Pittsburgh that are absolutely essential to the fulfillment of its budgetary requirements for the year 1940; And, be it further

RESOLVED, That the Council of the

City of Pittsburgh commends and supports His Honor, Mayor Cornelius D. Scully, in his well taken opposition to the proposed financial juggling on the part of the State administration and for his active efforts in unifying the various municipalities of the State in their opposition to the raid by the State administration on funds belonging to these municipalities; And, be it further

RESOLVED, That the Council of the City of Pittsburgh is unalterably opposed to the transfer of the relief burden from the State to the cities because, in effect, this is an attempt to shift the burden of taxation to the home owners and other real estate owners who already bear almost the entire cost of local government and education; And, be it further

RESOLVED, That the Council of the City of Pittsburgh does now call upon all those organizations which appear before it annually at budget making time to protest against an increase in the tax rate on real estate, to wit; the Building Owners and Managers Association, the Pittsburgh Real Estate Board, the Pittsburgh Chamber of Commerce, the Civic Club, the Taxpayers League of Allegheny County and the Allegheny County League of Women Voters, to join with the Mayor and the Council of the City of Pittsburgh in protesting the unjust diversion of municipal funds by the Commonwealth; And, be it further

RESOLVED, That copies of this resolution be furnished the above named organizations, the Governor of the Commonwealth and the several Senators representing Allegheny County in the State Senate.

Which was read.

Mr. Wolk moved

The adoption of the resolution.

Which motion prevailed.

The Chair presented

No. 832.

RESOLVED, That Rule I and Rule X of the Rules of Council shall be and the same are hereby amended to read as follows:

RULE I.

Stated meetings of the Council shall be held on Monday of each week at 2:00 o'clock, P. M., during the months of October, November, December, January, February, March and April, and at 9:30

o'clock, A. M., during the months of May, June, July, August and September.

RULE X.

All standing committees of Council shall meet on Tuesday of each week, and on such succeeding days the committees may determine, and such meetings shall begin at 2:00 o'clock, P. M., during the months of October, November, December, January, February, March and April, and at 9:30 o'clock, A. M., during the months of May, June, July, August and September.

Which was read; laid over for one week, and a copy ordered furnished to each member.

Mr. Gallagher moved

That the following members be excused for absence from Council and Committee meetings:

Mr. Duff on April 22 and 30, 1940;

Mr. Evans on April 23 and May 6, 1940;

Mr. Kilgallen on April 22, 30; May 1, 6 and 7, 1940;

Mr. Leonard on May 1, 1940;

Mr. Weir on April 15, 1940.

Which motion prevailed.

Mr. Wolk arose and said:

Mr. President:—I ask unanimous consent to make a statement in connection with the observance of Citizenship Day on the last Sunday of June.

The Chair said:—If there are no objections, unanimous consent is given Mr. Wolk.

Mr. Wolk said:—We are passing through perhaps the most depressing period in the history of the world. The star of hope is flickering dim in a night of chaos and the light of its beam reveals upon the highways and by-ways of every nation in Europe millions upon millions of human beings filled with despair and anguish at the prospect of the future.

Liberty, freedom and democracy have disappeared from those nations whose people are under the domination of dictatorships. In the few remaining nations where the democratic ideal still prevails, the on-rush of the totalitarian nation which lives by force and might, seeking to destroy them, leaves the ideals of liberty and freedom in these democratic nations hanging by a thread. I am certain that the people them-

selves, whether they live in a democratic nation or a dictator one, look across the seas to the United States with envy at the liberty and freedom which we enjoy in America. There cannot be any happiness in life without freedom and liberty. When we, in America, observe what is occurring in foreign lands today, we should be thankful to God for the liberty and freedom that are ours. We should thank God for our Democracy. We should thank God that we are Americans.

The most priceless thing that we own and enjoy is American citizenship which gives us the opportunity to participate in governmental affairs and which gives us the rights and privileges guaranteed in the Constitution.

In these trying times, every day is appropriate to reaffirm our faith in America and to be thankful for the blessings of American citizenship.

Last year the City of Pittsburgh ordained that the last Sunday of June shall be known as "Citizenship Day" in honor of all those young citizens who have attained the age of twenty-one during the year. The City of Pittsburgh was one of the pioneer communities of the Country to create "Citizenship Day." The movement is spreading throughout the Country. Only recently, in response to a Congressional resolution, President Roosevelt issued a proclamation designating Sunday, May 19th, as "I am an American Day" in recognition of those citizens who have attained their majority or who have been naturalized during the past year. It may be advisable in the future for City Council to amend the resolution passed last year to designate May 19th as "Citizenship Day." Inasmuch as time is so short that it will be impossible to make adequate preparation for the holding of appropriate ceremonies on May 19th, I believe it advisable to hold

those ceremonies on the day designated in the resolution passed last year, to wit: the last Sunday of June.

This is in accord with the provision in the Congressional resolution which reads as follows:

"Nothing herein shall be construed as changing, or attempting to change, the time or mode of any of the many altogether commendable observances of similar nature now being held from time to time, or periodically, but to the contrary, such practices are hereby praised and encouraged."

In accordance with the provisions of our resolution, His Honor, Cornelius D. Scully will again appoint a committee of public spirited citizens to make the necessary preparations for the observance of "Citizenship Day" on June 30, 1940.

It is hoped that everyone in the City will cooperate, to the fullest extent, to make "Citizenship Day" on June 30th, a day of consecration and to assist in making the ceremonies held on that day a source of inspiration to our young citizens who have arrived at the age of twenty-one during the past year.

Mr. Gallagher moved

That the Minutes of Council of Monday, May 6, 1940, be approved.

Which motion prevailed.

Mr. Weir stated

That Miss Millicent Leech, of Westinghouse High School, was present with her Senior Class, and asked President O'Toole to explain the procedure of the meeting for the benefit of the pupils.

President O'Toole complied with the request.

And upon motion of Mr. Weir

Council adjourned.

Pittsburgh, Pa., May 17, 1940.
Committee of Finance of Council,
J. J. Sloan, Secretary,
Pittsburgh, Pennsylvania.

In re: Bill No. 812.

Dear Sir:—

Please be advised that we have no objections to the grant of an extension of an additional sixty (60) days for the closing of this deal. As we are well aware of the fact, that due to the many lapses in the title it is necessary to secure quitclaim deeds from parties in interest who are outside of the State

and, therefore, additional time is required.

Very truly yours,
JAMES P. BARR,
Director.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 1003.

Pittsburgh, Pa., June 6, 1940.

President and Members,

The City Council,

City of Pittsburgh.

Gentlemen:—

It is with regret that I am forced to return herewith, without approval, your Bill No. 895. I take this action because neither this ordinance nor the one which it amends makes any rational, well founded, or scientifically based attempt to meet the problem of rabies control in Pittsburgh.

This veto, as you will remember, follows the precedent of my disapproval of your earlier ordinance on this subject, which disapproval your body saw fit to over-ride. It is interesting to note that your revision of that ordinance indicates that you have now come to feel that it was not a well planned measure.

The City of Pittsburgh is faced with a serious threat to public health and safety in the occurrence and spread of such a disease as rabies. It is true, of course, that any case of rabies will prove fatal if the proper treatments are not given at the proper time, and it is likewise true that these treatments are expensive and troublesome, and are not always available.

It is high time that the Council completely reconsider all its legislation on this subject and draft a new control measure based upon the recommendations of public health experts, and I am sure that no member of City Council would claim membership in such a group.

The present legislation is faulty in numerous respects. Indeed, it might well be termed a rabies spreading ordinance rather than rabies control legislation.

Nothing could be more unsound than the idea that any public good is served by corraling a great number of dogs and exposing them to infection, and then releasing such number of the dogs as may be "balled out" by their owners for a fee, whether it be \$5.00 or \$5,000.00.

To put the release of such exposed dogs on a monetary basis is equivalent to releasing a smallpox patient from quarantine upon the payment of a license fee.

Rabies is a contagion among dogs just as diphtheria or scarlet fever is a contagion among children. Certainly, no member of Council would advocate that in order to control diphtheria we should follow such an illogical practice as to round up all the loose children in town and make sure that those who had not previously been exposed to diphtheria contagion received that opportunity.

To deal with this problem of rabies we must follow the principle of the quarantine. In other words dogs must be:

FIRST—Kept off the streets and in the homes and premises of their owners; and

SECOND—If they should escape from their premises they should either be held for a sufficient quarantine period in isolation to prove that they are not infected with rabies, or they should be immediately destroyed.

This last is unnecessary if either the Council or the dog's owner agrees that the public benefit obtained from rabies control justifies the expense of keeping the dog in isolated quarantine.

I know what position pet dogs hold in the hearts of thousands of our citizens. They regard their dog practically as a member of the family, and his loss or sickness is taken as a family tragedy.

I know that the dog owners of Pittsburgh deeply desire to protect their pets from the infection of rabies, just

as they would wish to protect their children from disease and I know that they will lend cooperation to the City administration to control this plague, and that they will applaud the City Council if that body sees fit to draft scientific measures to effect that control.

Very truly yours,

Cornelius D. Scully,
Mayor.

Which was read, received and filed.

Also

Bill No. 895. An Ordinance entitled, "An Ordinance amending Section 3 of an Ordinance entitled, 'An Ordinance establishing a quarantine for dogs within the City of Pittsburgh; providing for penalties for the violation of the quarantine, and providing for the establishment of additional quarantines by the Director of the Department of Public Health,' which became a law April 22, 1940."

In Council, June 3, 1940, Bill read, rule suspended, read a second and third times and finally passed.

Which was read

And on the question "Shall the bill become a law notwithstanding the objections of the Mayor?"

Mr. Evans arose and said:

Mr. President—I presented this ordinance with a view of bringing about an amendment to the existing ordinance, reducing the fee of \$25.00 to \$5.00 for the release of any dog picked up by the Animal Rescue League. The reduction in fee, I believe, would act as a stop-gap for the large number of dogs impounded by the League. These dogs will remain in the pound because their owners are unable to pay the larger fee, but probably could pay the smaller fee fixed by this ordinance.

I agree, in part, with the Mayor, that precautionary measures should be taken to remove all stray dogs from the public thoroughfares, and especially during the summer months when rabies is prevalent among dogs.

I am going to sustain the Mayor's veto in the hope that in the near future, Council will draft and adopt an ordinance which will regulate and con-

trol the situation and will meet with the approval of all parties concerned.

The Chair said:

Gentlemen, I ask unanimous consent to say a few words. I intend to vote to override the Mayor's veto. I think the Mayor could have been less offensive in his veto letter, which indicates to me that he does not know what he is talking about.

And the question recurring, "Shall the bill become a law notwithstanding the objections of the Mayor?"

The ayes and noes were ordered taken agreeably to law, and were:

Ayes:—Messrs.

Weir

O'Toole, (Pres't.)

Noes:—Messrs.

Demmler

Gallagher

Evans

Wolk

Ayes 2. Noes 4.

And there not being two-thirds of the votes of Council in the affirmative, the bill failed to become a law notwithstanding the objections of the Mayor.

Mr. Weir moved

That the Minutes of Council of Monday, June 3, 1940, be approved.

Which motion prevailed.

And upon motion of Mr. Gallagher Council adjourned.

Mr. Demmler also presented

No. 1235.

July 5, 1940.

President and Members,

City Council,

City of Pittsburgh.

In Re. Bill No. 1087.

Gentlemen:

At the meeting of the Committee on Finance, held Tuesday, July 2, 1940, Bill No. 1087 was affirmed, subject to a complete analysis and report from the Budget Controller.

Ordinance No. 261, approved June 5, 1940, appropriated the sum of \$100,000.00 for the construction of a new boiler house at Leech Farm Sanatorium. This total amount was appropriated for construction work only. This bill No. 1087 now before Council for final passage, amends Ordinance No. 261 by reducing the amount of \$100,000.00 appropriated to \$75,000.00 as follows:

\$65,000.00 for construction work

10,000.00 for engineering and architectural expense.

\$75,000.00 Total

The sum of \$50,000.00 has previously been appropriated in Bond Fund 136-24-B for the boiler house to which must be added \$65,000.00 provided in Bill No. 1087, now before Council for final passage, which would provide a total sum of \$115,000.00 for the boiler house. Bids have been taken and contracts awarded in the total sum of \$111,959.00.

Since this ordinance, Bill No. 1087, reduces the original appropriation from \$100,000.00 to \$75,000.00, the department proposes to spend the \$25,000.00 made available by this amendment as follows:

\$12,000.00 for Maids' quarters in basement of Nurses' Home and covered passageway.

13,000.00 for partial payment of movable equipment provided for

in Bill No. 1028 which was laid over in Committee.

\$25,000.00 Total.

It is proposed by the department that the additional work in the sum of \$12,000.00 be accepted as a P. W. A. contract change and that the work be done on change orders, by contractors now engaged on the work, and that this extra work be paid by "Wallace Act" legislation later on.

The time of completion has been extended to July 27, which does not give sufficient time to advertise for proposals and award contracts for completion on that date.

From the foregoing facts it is apparent this bill should be finally passed.

Respectfully yours,

RICHARD NEFF,

Budget Controller.

Which was read, received and filed.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't).
Kilgallen	

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 1120. Resolution authorizing the Mayor and the Director of the Department of Public Welfare to enter into a lease with Mario S. Rocerto for the entire building located at 5622 Harvard street, from July 1, 1940, to April 30, 1941, at an annual rental of \$600.00, payable in monthly installments of \$50.00, for the carrying out and completion of a Housekeeping Aid Project with the Federal Work Projects Administration, chargeable to and payable from Bond Fund No. 138,

Public Welfare Relief Bonds, Series 1938.

In Finance Committee, July 2, 1940, ordered returned to Council with an affirmative recommendation, subject to report to be submitted next Monday, which will be the result of a consultation between the Directors of the Department of Public Welfare and the Department of Lands and Buildings as to whether the City has a building available in that vicinity.

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Demmler also presented

No. 1236.

Pittsburgh, Pa., July 5, 1940.

To the Chairman and Members of Committee on Finance of City Council, Pittsburgh, Pennsylvania.

Gentlemen:

In reply to the communication of your Honorable Committee on July 3, 1940, concerning Bill No. 1120, please be advised that upon contacting the Department of Lands and Buildings, I have been informed over the signature of Mr. Myer Mondell, Chief Clerk, that no building in the East End section suitable for the Housekeeping Aid Project is available.

Very sincerely yours,

CLARENCE C. KLEIN,

Director.

Which was read, received and filed.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't)

July 6, 1940.

President and Members,
City Council,

City of Pittsburgh.

Gentlemen:

In re: Bill No. 1125.

At the meeting of the Committee on Finance, held Tuesday, July 2, 1940, Bill No. 1125 was affirmed, subject to a report from the Budget Controller.

This Bill No. 1125 now before Council for final passage amends Ordinance No. 125 approved April 3, 1940, by increasing the sum of \$626,897.45 already appropriated for additions and alterations to Leech Farm Sanatorium in the amount of \$12,000.00. This sum of \$12,000.00 is to provide funds for the construction of Maids' quarters in the basement of the Nurses' Home and for the construction of a covered passageway connecting the Nurses' Home with the main Hospital.

These two items were bid on as alternates No. 1 and No. 2 at the time bids were taken on the general improvement and due to lack of funds at that time, they were not included as part of the contracts.

This bill is a companion bill to No. 1087 and if bill No. 1087 is finally passed, this bill No. 1125 should also be passed.

Respectfully yours,

RICHARD NEFF,

Budget Controller.

REPORTS OF COMMITTEES

Mr. Demmler presented

No. 1244. Report of the Committee on Finance for July 9, 1940, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Mr. Demmler moved

In order that the various Committee reports may be considered at this meeting, a suspension of Rule 8, providing for the mailing of printed copies of all ordinances and resolutions to each member of Council, after the return of such papers from Committee, at least forty-eight hours previous to their final consideration by Council.

Which motion prevailed.

Mr. Demmler also presented

Bill No. 1149. An Ordinance entitled, "An Ordinance authorizing the issuance of a warrant in favor of the Pittsburgh Printing Company in the amount of \$1,308.09, for extras on the contract for the printing of the annual report of the City Controller."

In Finance Committee, July 9, 1940, ordered returned to Council with an affirmative recommendation, subject to report from Budget Committee.

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Demmler also presented

No. 1245.

July 10, 1940.

President and Members,
City Council,
City of Pittsburgh.
Gentlemen:

In Re: Bill No. 1149.

At the meeting of the Finance Committee, held Tuesday, July 9, 1940, Bill No. 1149 was affirmed subject to a report from the Budget Controller.

The above Bill is "An Ordinance authorizing the issuance of a warrant in

favor of the Pittsburgh Printing Company in the amount of \$1,308.09 for the cost of printing 275 copies of the Annual Report of the City Controller."

Letter bids were taken for the printing of approximately 250 volumes of the Controller's report and to contain approximately 150 pages at a cost of \$3.13 per page. This would amount to less than \$500.00 and the contract was awarded to the low bidder on letter bid contract.

When the annual report was finally compiled and completed, it was found to contain 323 pages, over twice the number of pages contracted for.

In addition to the 250 copies ordered, the Controller ordered 25 additional copies of the annual report bound in leather and together with certain lettering, line cuts and hand work for all the copies, an additional sum of \$298.00 was agreed upon by the Controller, making a total of \$1,308.09 for the printing of 275 copies containing 323 pages each.

Since this amount far exceeds the letter bid of \$469.50, it is necessary that authorization for the payment of this Bill be done by the legislation now before Council for final passage.

Respectfully yours,

RICHARD NEFF,
Budget Controller.

Which was read, received and filed.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't)
Kilgallen	

Ayes 9. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also

Bill No. 1170. An Ordinance entitled, "An Ordinance amending Sec-

tion 84, Department of Public Works, of an Ordinance entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof,' which became a law January 9, 1939, as amended by Ordinance No. 175, approved April 1, 1939."

In Finance Committee, July 9, 1940, ordered returned to Council with an affirmative recommendation, subject to report from the Budget Controller.

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Demmler also presented

No. 1246.

July 11, 1940.

President and Members,
City Council,
City of Pittsburgh.

Gentlemen:

In Re: Bill No. 1170.

At the meeting of the Committee on Finance, held Tuesday, July 9, 1940, Bill No. 1170 was affirmed subject to a report from the Budget Controller,

"as to when the three pools at Ammon, Moore and Pleasant Valley Playgrounds will be open to the public and report the number of employees required to adequately guard the pools."

These three pools are very large pools and are approximately 165 ft. long and 75 ft. wide.

These three pools are nearing completion and it is expected that Pleasant Valley and Moore will be ready by August 1st and Ammon by August 15th.

This Bill now before Council for final passage provides a supplement to the Salary Bill by adding:

	Each Per Day
3 Head Swimming Guards.....	\$5.50
9 Swimming Guards.....	5.00
3 Matrons	3.50

At the large pools, such as the three herein mentioned, it requires one head swimming guard, who has full charge of the pool and Chlorine System, also three swimming guards. It also requires one matron to be on duty when

women and girls are using the pools.

This personnel is only employed during the Summer months when the pools are open, and the personnel provided for in this Bill is necessary to adequately guard the pools.

Respectfully yours,

RICHARD NEFF,

Budget Controller.

Which was read, received and filed.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't)
Kilgallen	

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 1211. An Ordinance entitled, "An Ordinance amending Section 25, Department of Public Health, Bureau of Child Welfare, of an Ordinance entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof,' which became a law January 9, 1939."

In Finance Committee, July 9, 1940, ordered returned to Council with an affirmative recommendation, subject to report from the Budget Controller and Mr. Gallagher.

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Demmler also presented

No. 1247.

July 10, 1940.

President and Members,

City Council,

City of Pittsburgh.

Gentlemen:

In Re: Bill No. 1211.

At the meeting of the Finance Committee, held Tuesday, July 9, 1940, Bill No. 1211 was affirmed subject to a report from the Budget Controller, as to whether the vacancies are bona fide vacancies.

This ordinance provides for the elimination of two assistants to nurses at \$1,170.00 each per annum and increases the number of field nurses by an additional two nurses at the rate of \$1,540.00 each per annum.

There are no vacancies among the thirteen (13) assistants to nurses at the present time, however, there are two provisional appointments, one appointment was made February 1, 1940, the other appointment, May 9, 1940.

Applications for the examination for these two positions are in circulation since July 3rd, and the examination is scheduled to be held July 18, 1940.

Since there are no vacancies, we would recommend that this Bill be recommitted to the Finance Committee for further study.

Respectfully yours,

RICHARD NEFF,

Budget Controller.

THOS. J. GALLAGHER,
Councilman.

Which was read, received and filed.

Mr. Gallagher moved

That the bill be recommitted to the Committee on Finance.

Which motion prevailed.

Also

Bill No. 1163. Resolution authorizing and directing the City Controller to transfer the following sums within the Bureau of Water accounts, Department of Public Works:

From Code Accounts:

1775—Salaries, Reg. Employees---	\$2,400.00
1777—Wages, Temp. Employees--	542.62
1778—Wages, Temp. Laborers,	
January to March-----	727.78
1779—Wages, Temp. Laborers,	
April to June-----	329.60
1783—Miscellaneous Services ---	1,500.00

Total ----- \$5,500.00

To Code Accounts: .
 1784—Supplies -----\$ 500.00
 1785—Materials ----- 5,000.00
 Total -----\$5,500.00

In Finance Committee, July 9, 1940, ordered returned to Council with an affirmative recommendation, subject to report from the Budget Controller as to whether this money will have to be replaced later in the year.

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Demmler also presented

No. 1248.

July 10, 1940.

President and Members,
 City Council,
 City of Pittsburgh.
 Gentlemen:

In Re: Bill No. 1163.

At the meeting of the Committee on Finance, held Tuesday, July 9, 1940, Bill No. 1163 was affirmed subject to a report from the Budget Controller, as to whether the funds to be transferred in the sum of \$5,500.00 need be returned later in the year.

The sum of \$5,500.00 to be transferred from five various code accounts within the Bureau of Water are accumulated surpluses for the first six month period of this year, and it will not be necessary to replenish these accounts later on. This transfer is made necessary in order to purchase pipe and valves for extensions and repairs to water lines, since the stock on hand at the present time is practically exhausted.

I would recommend the final passage of this Bill.

Respectfully yours,

RICHARD NEFF,

Budget Controller.

Which was read, received and filed.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

MOTIONS AND RESOLUTIONS

Mr. Evans presented

No. 1254.

To the Honorable Council of
The City of Pittsburgh:

To the City where I was born, and to old Allegheny, which is now celebrating the centennial of its existence as a city, and to the Carnegie Free Library of Allegheny, the first public library I used as a young man, and of which I am now Librarian, I desire to present the collection of books I have collected during more than fifty years, numbering approximately ten thousand titles.

The collection embraces about a thousand volumes of Shakespeareana, a thousand or so of drama, several thousand of literary criticism and biography, and large blocks of books in science, philosophy, history, economics, and general literature, also German and French collections, first editions and autograph copies.

While I propose to retain in my own possession, as long as I have use for them, those books in fields that have been my special interest, the entire collection will gradually be arranged, listed, and catalogued for ultimate inclusion in the Carnegie Free Library of Allegheny, to be kept intact in some of its divisions, but distributed among the general collections in other departments.

On the bookplate that will be put into each volume will appear the footnote that this gift is also "in memory of my friend the late Theodore Ahrens, of Louisville and Pittsburgh."

This gift also includes scores of scrap-books on various subjects, about five hundred lantern slides on history, literature and travel, hundreds of old playbills, a mass of pamphlets and clippings on the great world war, and

stacks of illustrations, photographs, etc.

I ask the Council of the City of Pittsburgh, as Custodian of the Carnegie Free Library of Allegheny, to indicate its acceptance of this collection at this time while the Centennial is being celebrated.

GEORGE SEIBEL.

Which was read, received and filed.

Mr. Evans moved

That the gift be accepted and the Clerk be instructed to convey the thanks of Council to Mr. Seibel for his generous gift.

Which motion prevailed.

Mr. Evans asked unanimous consent to make a statement at this time, and there being no objection, said:

Mr. President:—An emergency has arisen in the Bureau of Highways and Sewers, Department of Public Works, in reference to refuse dumps, and the Department will have to make some arrangement for dumps during Council's vacation.

They have two sites in mind—one the Hampton Hall Improvement Company property in the 19th Ward, owned by Herman Kamin, who agreed to permit the City to dump on his property if the City wanted to pay rental later; and the other proposition is that a contractor will haul the street sweepings and refuse from a designated spot to a place in the country, and this service can be paid for under a Wallace Act ordinance later.

I merely want to call Council's attention to this matter, so that when legislation is presented later, proper consideration and action can be had.

The Chair said:

Gentlemen:—Under the call for this meeting, there is no further business before Council, unless unanimous consent is given.

Mr. Leonard, by unanimous consent, presented

No. 1255. Communication from the Director of the Department of Public Safety transmitting copy of request from the Superintendent of Police by the Pistol Team of that Bureau, asking permission to attend the Official World's Fair Police Pistol Tournament, to be fired at Teaneck, N. J., from

August 16 to 18, inclusive, at an estimated cost not to exceed \$99.50.

Which was read, received and filed.

Mr. Leonard moved

That the request be granted.

Which motion prevailed.

Also

No. 1256.

July 11, 1940.

President and Members
of City Council,
Pittsburgh, Penna.
Gentlemen:

Your Honorable Body is requested to authorize the Director of the Department of Public Safety to spend a sum not to exceed \$400.00 for the purpose of preparing dies and having appropriate medals made in accordance with the provisions of Ordinance No. 76, approved March 5, 1940, creating a Jury of Awards to receive, investigate and approve the issuance of citations for meritorious conduct in the Bureaus of Police and Fire, and authorizing the issuance of medals and the granting of special leaves with pay for recipients of meritorious awards.

The expenditure of this sum and the selection of the design of the medals is to be made by the Jury of

Awards consisting of the Mayor of the City of Pittsburgh, the President of City Council, the Chairman of the Public Safety Committee of City Council, the Director of the Department of Public Safety, the Superintendent of the Bureau of Police and the Chief of the Bureau of Fire.

Appreciating your favorable consideration of this request, I beg to remain,

Yours very truly,

GEORGE E. A. FAIRLEY,
Director.

Which was read, received and filed.

Mr. Leonard moved

That the request be granted.

Which motion prevailed.

Also

No. 1257. Petition complaining of the condition of sewer on Oberlin street.

Which was read, received and filed, and copy ordered sent to the Department of Public Works, Bureau of Highways and Sewers, with instructions to take action.

Mr. Leonard moved

That the Minutes of Council of Monday, July 8, 1940, be approved.

Which motion prevailed.

And upon motion of Mr. Gallagher
Council adjourned.

Bill No. 1364.

Pittsburgh, July 25, 1940.

President and Members of Council,
City of Pittsburgh.

Gentlemen:

WHEREAS, the trunk sewer in the Soho Run has become clogged at an unknown point south of Reed street, on line of former Soho street, to such extent as to seriously impede and interrupt the dry weather flow and to afford practically no passage-way for surface run-off during times of storms from the upper regions of the large Soho Drainage Basin; and

WHEREAS, this condition has already caused the flooding of streets and basements of abutting structures during storms and, if not immediately repaired, may cause a serious catastrophe because of the sump formed by the topography in the vicinity of Center avenue, LaPlace street and Soho street; and

WHEREAS, It is imperative that all work necessary to restore the normal drainage facility afforded by the trunk sewer be carried out with minimum delay; and

WHEREAS, the undersigned consider the situation to constitute a serious public emergency; NOW, THEREFORE,

Pursuant to the terms and provisions of Section 13, of the Act of May 31, 1911, relating to appropriations, we, the undersigned, the Mayor and the Controller of the City of Pittsburgh, hereby certify the existence of an emergency requiring a special appropriation of Eighteen Thousand (\$18,000.00) Dollars, or so much thereof as may be necessary, to meet the same.

CORNELIUS D. SCULLY,
Mayor.

UNFINISHED BUSINESS

Mr. Evans called up

Bill No. 674. An Ordinance entitled, "An Ordinance authorizing the issuance of a warrant in favor of the American Reduction Company in the sum of \$65,309.92, in payment for services furnished during the period, April 1st to April 13th, 1940, inclusive, for the benefit of the City without previous authority of law."

In Council, June 3, 1940, Bill called up and failed to pass finally, lacking a two-thirds vote.

Which was read.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Kilgallen
Duff	Weir
Evans	Wolk
Gallagher	

Noes:—Messrs.

Leonard O'Toole, (Pres't)

Ayes 7. Noes 2.

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

REPORTS OF COMMITTEES

Mr. Demmler presented

No. 1496. Report of the Committee on Finance for September 4, 1940, transmitting, with an affirmative recommendation, Bill Nos. 1371, 1372, 1373, 1374, 1375, 1376, 1377, 1378, 1379, 1380, 1381, 1382, 1383 and 1384.

Which was read, received and filed.

Mr. Leonard arose and said:

Mr. President:—I arise to a point of order.

The Chair said:

The gentleman will state his point of order.

Mr. Leonard said:

Mr. President: As I understand it, we had a call by the Mayor for a special meeting of Council last Wednesday, and following the Council meeting we had committee meetings.

I would like to test that authority—whether the Mayor, or the Council has the authority to call committee meetings. The 48-hours' notice required by the rules of Council for committee meetings was not given the members of Council.

The Chair said:

The Chair will sustain the point of order, and hold that the papers returned by the committees are not properly before the Council.

Mr. Kilgallen moved

That Council now recess for 15 minutes.

Which motion prevailed.

And Council recessed.

And the hour of 10:00 o'clock A. M. having arrived, and the time of the recess having expired, Council reconvened, and there were present:

Messrs.

Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't).
Kilgallen	

The Chair said:

What is the pleasure of the Council?

Mr. Kilgallen arose and said:

Mr. President:—The Chair has ruled that the bills now on the desks of the Councilmen are improperly before us. At the moment I am not prepared to say whether the ruling of the Chair is correct or incorrect. I think many of the councilmen are of the same opinion, and in order that we may have a clear perception of what is before us, I respectfully request that the Clerk read into the record just what was done in connection with this matter.

The Chair said:

The Chair will agree that the record of the meeting of Council is correct.

Mr. Kilgallen said:

Mr. President:—There may be something in the record that the councilmen are not clear about. Will the Clerk please read the record?

The Chair said:

Do you desire that the full record be read, or just the Mayor's call for the special meeting?

Mr. Kilgallen said:

Mr. President:—I believe the reading of the call leading up to this special meeting will be sufficient.

The Chair said:

The Clerk will read that part of the record.

The Clerk read:

"MAYOR'S OFFICE

Pittsburgh, Aug. 31, 1940.

Mr. E. W. Lindsay,

City Clerk,

City of Pittsburgh.

Dear Mr. Lindsay:

Please call a special meeting of Council for Wednesday, September 4, 1940, at 9:30 o'clock, A. M., Eastern Standard Time, for the purpose of introducing legislation required in connection with WEST CARSON STREET, MANSFIELD STREET, MUNICIPAL HOSPITAL and other improvements in the DEPARTMENT OF PUBLIC WORKS, to be followed by Committee meetings.

Very truly yours,

CORNELIUS D. SCULLY,

Mayor."

Mr. Kilgallen said:

Mr. President:—Now, can I ask when that message was received by the Clerk from the Mayor?

The Clerk (Mr. Lindsay) said:

August 31, 1940.

The Chair said:

The presumption is that it was received on that date.

Mr. Kilgallen said:

What is the date?

The Clerk said:

August 31, 1940.

Mr. Kilgallen said:

And what did the Clerk's office do after receiving that message from the Mayor?

The Clerk said:

Mr. Patterson sent notices to each member of Council 48 hours prior to the time of the meeting in accordance with the Mayor's request.

Mr. Leonard arose and said:

Mr. President:—I am not questioning the legality of the Council meeting. The question I am raising is with respect to the committee meetings. Did the Mayor have the right to call the committee meetings without giving 48 hours notice to the members of Council?

The Chair said:

The Chair has already ruled on that. The Chair ruled that the Mayor cannot call a committee meeting.

Mr. Gallagher arose and said:

Mr. President:—Can Council, by motion, call a committee meeting?

The Chair said:

The Council can fix the time of committee meetings, as Mr. Evans did, but it was not in conformity with the law and rules of Council for the reason that 48 hours' notice was not given to each member of Council of the time and place of that meeting.

Mr. Gallagher said:

I was in the Chair during this special meeting of Council, and Mr. Evans moved, and Council properly adopted the motion, that the several standing committees of Council, commencing with the Committee on Finance, meet upon the adjournment of Council. That was Wednesday, September 4, 1940. The members of Council who were present at that meeting were under the impression that the committee meetings were called legally in accordance with Mr. Evans' motion.

The Chair said:

It is true that the motion offered by Mr. Evans was adopted. In relation to that meeting, the Chair points out that no notices of that meeting, pursuant to Mr. Evans' motion, was given to the members of Council 48 hours prior to the time of the meeting.

Are there any further questions with respect to the minutes of the proceedings of this special meeting?

Mr. Kilgallen said:

Is it to be understood that you received a message from the Mayor calling for this special meeting, and you immediately informed the members of Council 48 hours prior to the time of the meeting?

The Clerk (Mr. Lindsay) said:

Mr. Patterson sent out the proper notices to each member of Council.

The Chair said:

No one questions that.

Mr. Leonard said:

That is correct.

The Chair said:

The question before the body is, did Council have a right to go into committee meetings after the special council meeting?

Mr. Leonard said:

That is the question I raised.

Mr. Gallagher said:

Mr. President:—At that Council meeting, Mr. Evans moved that, following the council meeting, the several standing committees, commencing with the Finance Committee, convene, and that motion carried without a dissenting vote.

The Chair said:

The record so reveals.

Mr. Gallagher said:

By six votes—the votes of all the members present at that meeting.

The Chair said:

Gentlemen, if there is no appeal from the decision of the Chair, we will proceed with the business before the body.

Mr. Kilgallen arose and said:

There will be, Mr. President.

The Chair said:

Until there is, the discussion is out of order.

Mr. Kilgallen said:

Mr. President:—I still am unable to say your ruling is incorrect; it may be correct or it may be incorrect. If there is no appeal taken from your ruling, we will never know whether your ruling is correct.

The Chair said:

I will.

Mr. Kilgallen said:

You will, but the Council will never know unless they vote against the motion I am going to make; and in all reality we will never know whether you are right or wrong unless your decision is tested, and the only way we can determine that, is to take an appeal from your ruling.

The Chair said:

You will have to take the appeal first, or the Chair will have to rule you out of order.

Mr. Kilgallen said:

I want to explain my position before I do that.

The Chair said:

The Chair rules that the gentleman is out of order. Do you wish to appeal from that ruling?

Mr. Kilgallen said:

Yes, Mr. President.

The Chair said:

Is the appeal seconded?

Mr. Kilgallen said:

In order that Council may be in a position to have the question determined, that the position taken by the Chair is legal. I now appeal from that ruling.

The Chair said:

Which ruling?

Mr. Kilgallen said:

Your ruling that the papers returned by the committees are not properly before the body.

The Chair said:

The decision of the Chair has been appealed from. Mr. Duff, will you take the Chair, as the Chair intends to participate in the debate?

And Mr. Duff took the Chair.

The Chair said:

Shall the decision of the Chair in respect to the question of the ruling by the President (Mr. O'Toole) be sustained? Are there any remarks?

Mr. O'Toole arose and said:

Mr. President:—The burden is not on the Chair to sustain his ruling. However, there being no attempt to justify the appeal, I wish to place before the body the following consideration in support of the ruling that the Chair made.

This Council has no right to appropriate public monies except in strict accordance with the law and the rules fixed by the Council for its own guidance. No one in this City Government, other than this Council, has a right to appropriate public monies.

Because emergencies arise in City Government and because there are times when natural differences of opinion arise, the State Legislature wisely gave to the Executive the power to call special meetings of Council. The law did not give the Executive the power to arrogate the rights of Council after that meeting was held in pursuance to his call. Under date of August 31st, the Mayor properly notified the members of Council of a special meeting on the following Wednesday, September 4th, 1940. He had that right; but he exceeds his authority in undertaking to tell this Council what to do after that meeting was held. The legislation outlined in his message calling for the special meeting of Council was presented, and the Council had the right to refer that legislation to committees, or to the waste basket. That is exclusively the prerogative of the Council.

I received a notice from the City Clerk in pursuance to the Mayor's call for a special meeting of Council, and I say the Mayor was doing the legal and proper thing in that respect. But when he called the committee meetings, I say that he was doing something else that is absolutely illegal, and I ignored it. In my absence, Council undertook to do legally what the Mayor had asked to be done illegally. I had no notice from the Clerk's office of the committee meetings, and under the rules of Council I am entitled to 48 hours' notice. Pursuing the matter further, I also wish to call Council's attention to the fact that the record shows no motion in Council at the meeting on Wednesday, September 4th, to suspend the rules to permit the committee meetings to be held.

I have before me the rules of Council and the Acts of Assembly, and if the

decision of the Chair is sustained, the Chair intends to carry out the law, which says that all bills shall be referred to the proper committees for consideration and action, and the Chair will hold, and has held, that these bills having never been before any committee, will be referred to the several standing committees to be taken up at the next meeting.

Mr. Kilgallen arose and said:

Mr. President:—The Mayor did nothing except call a special meeting of Council. Pursuant to that call, the City Clerk mailed notices to all members of Council more than 48 hours before the meeting. This notice notified all councilmen that a committee meeting would be held after the councilmanic meeting. This was the act of Council, acting through its Clerk, and not the act of the Mayor.

At this special meeting of Council, it was regularly moved and passed, without a dissenting vote, that Council hold a committee meeting. This also was the act of Council and not the act of the Mayor.

What I am striving for is a proper interpretation of the ruling as made by the Chair after a study of decisions and precedents.

What harm is done if we overrule the Chair? We can find out within 24 hours if our action is improper. If we don't consider this matter more carefully and at more length, we may be establishing a precedent that is improper.

The Chair said:

Isn't the action of Council circumscribed by the form of the Mayor's call?

Mr. Kilgallen said:

In a general way, Mr. Chairman, this Council can abrogate the rules by a certain number of its membership. Without a dissenting vote, the committee meeting was called by this Council. The Mayor did not call the committee meeting. Council called the committee meeting.

Mr. O'Toole said:

Mr. President:—May I make one further comment. I have a right to assume that the Council will follow its own rules. The Council didn't do that. It failed to give me 48 hours' notice of the meeting, and it failed to give the public notice of the meeting. That

rule can only be waived by the unanimous vote of the nine members of Council.

And the question recurring, "Shall the decision of the Chair be sustained?"

The ayes and noes were taken agreeably to law, and were:

Ayes—Messrs.

Gallagher

Leonard

O'Toole

Noes—Messrs.

Demmler

Evans

Weir

Duff (Pres. Pro tem.)

Kilgallen.

When the name of Mr. Wolk was called, he arose and said:

Mr. President:—I am not voting, because I was not going to vote on the bills anyway, not being present at the committee meetings.

Ayes 5. Noes 3.

And a majority of the votes being in the affirmative, the decision of the Chair was sustained.

Mr. O'Toole resumed the Chair, and said:

Gentlemen, pursuant to the Acts of Assembly, the Chair rules that the bills are still pending in committees to which they were referred at the last meeting of Council.

Mr. Evans arose and said:

Mr. President:—In order to clarify the situation, do I understand these bills are now in the Committee on Finance, and will come up in committee tomorrow?

The Chair said:

Yes.

Mr. Gallagher moved

That the minutes of Council for Monday, August 5th, and Friday, August 9th, 1940, be approved.

Which motion prevailed.

And upon motion of Mr. Leonard,

Council adjourned.

No. 1532.

Pittsburgh, Pa.

September 16, 1940.

Council of the City of Pittsburgh,

Gentlemen:—

Bill No. 1437, an Ordinance appropriating an additional sum of \$88,000.00 in Construction Account of Docket No. 2218-F, Municipal Hospital, has been affirmatively recommended by the Finance Committee subject to a report from the Law Department.

This Ordinance was submitted to this Department and approved by it prior to its submission by the Public Works Department to your Body. The appropriation of \$88,000.00 is to be utilized as a temporary loan to pro-

vide working capital for payment of the cost of constructing and equipping the new Municipal Hospital. It provides further for the reimbursement of the Bond Fund from final payments received from the Federal Government upon completion of the Hospital project.

Since the final payments will be sufficient to enable reimbursement to be made to Bond Fund No. 136, it is our opinion that this is the only practical manner of handling this question of providing temporary capital; and since there are no legal objections thereto, we approve this Ordinance.

Sincerely yours,

Wm. Alvah Stewart,
City Solicitor.

No. 1533.

Pittsburgh, Pa.

September 9, 1940.

To the President and Members
of City Council.

Gentlemen:—

On July 25, 1940, Cornelius D. Scully, Mayor, and Edward R. Frey, Controller, certified to the existence of an emergency occasioned by damage to the Soho Sewer, and, pursuant to such certification, Ordinance No. 386 was approved August 13, 1940, and an emergency appropriation of \$18,000.00 was made towards covering the cost of excavating a shaft, furnishing necessary equipment, removing obstructions, making repairs, and doing other work required to restore the Soho Run Trunk Sewer at an unknown point south of Reed street; and the action taken by the Mayor and the Director of the Department of Public Works in authorizing the John F. Casey Company to proceed with the work was ratified.

It now appears that the emergency still continues, and, according to the Department of Public Works, an additional emergency appropriation of \$132,000.00 is required to defray the cost of repairing and reconstructing the sewer.

Very truly yours,

Cornelius D. Scully.

Mayor.

Edward R. Frey.

Controller.

At this time, President O'Toole called Mr. Demmler to the Chair, and taking the floor, called up

Bill No. 1438. An Ordinance entitled, "An Ordinance making an emergency appropriation of an additional sum of \$132,000.00, for excavating shafts, furnishing necessary equipment, removing obstructions, making repairs, and doing other work required in restoring Soho Run Trunk Sewer at unknown points south of Reed street on line of former Soho street, and providing for a contract therefor."

Which, in Council this day, was read a first time, rule suspended, read a second time, and laid over for separate consideration.

Which was read.

Mr. O'Toole said:

Mr. President:—This ordinance was discussed at length in committee, and anything I might say will not add to the Council's understanding of it.

For the sake of the record and to justify my vote against the ordinance, I want to place these remarks in the record.

This is an emergency appropriation ordinance, setting up \$132,000.00 to make repairs to the Soho Run Sewer. It was represented to us by the Director of the Department of Public Works and his engineers that this is an emergency.

It might have been an emergency when the sewer collapsed and it might have been an emergency when the original appropriation was requested to make the necessary repairs.

I doubt if there is sufficient emergency to prompt the extravagant expenditure recommended and followed by the Department of Public Works in making the repairs.

The Department of Public Works insists that it cannot ask for bids on this work because it does not have plans. If it does not have plans, it permits the contractor to do what he wishes during the progress of the work, subject to no control whatsoever, except the fancy of the Director, the engineers and the contractor doing the work.

It seems to me the Department of Public Works ought to know what is necessary to fix that sewer. If they don't, we ought not to appropriate \$132,000.00 for something they don't know anything about.

Suppose we go over that first objection and suppose we concede that it should be done, by what rhyme or reason did they arrive at the 15 per cent. plus cost?

The work has already cost \$150,000.00 and based upon our experience on similar jobs, it will cost \$200,000.00. The profit to the contractor on that figure at 15 per cent. is \$30,000.00.

We have had contractors execute successfully sewer undertakings more difficult than this at a fair and reasonable price, and I expect the contractors made a fair and reasonable profit. These same contractors were not asked to submit bids on this repair work. A nice profit is being handed this contractor, who certainly was not the low bidder on our sewer contracts awarded under the P. W. A. program.

We are coming into the Winter season when sewer contractors are not busy, and I am sure that many of them would be glad to submit estimates on this repair work. Many of these contractors have done good work on sewer jobs; they are responsible and reliable contractors, and they are in a position to undertake this repair work because their equipment will be idle.

Another question. Let's suppose that it would be possible to get the cost down to six per cent. profit on the job. We would have a net difference, assuming it will be \$200,000.00, of \$18,000.00. That's equivalent to the amount 200 small property owners pay into the City Treasury for city taxes a year.

Therefore, I am opposed to handing over a neat profit to a sewer contractor who was not the low bidder on

accurately determine the

nature and extent of the repairs and
prepare plans for its execution ac-
cordingly.

Council should go further into the
question of the amount appropriated in
this ordinance. The Director does not
know whether \$132,000.00 will be suf-
ficient or not. Therefore, that question
should be determined accurately before
we proceed further with this work.
We don't know whether the repair
work will cost \$150,000.00, already ap-
propriated, or \$200,000.00.

In addition to the 15 per cent. plus-
cost, we also have the cost of rented
equipment. The equipment should be
furnished as part of the cost-plus.

I understand the Director, in award-
ing this job to Casey, said that he
was the only one who had the proper
equipment to do the work.

Once the sewer has been cleared, an
emergency no longer exists, and it is
a waste of money to proceed with the
repair work on a cost-plus basis. The
Department of Public Works should
prepare plans for this repair work
in order to give all reliable and re-
sponsible contractors an opportunity to
bid on the work. The City should not
give a blank check to the Director to
proceed with this work until further
information is submitted to Council.

Mr. Wolk arose and said:

Mr. President:—I am not going to
discuss in detail the whole subject, as
we discussed it fully in committee,
and at that time I expressed my
thoughts on the subject. As to the
question whether this work should be
given to one contractor or another con-
tractor, is a matter of opinion. The
Department of Public Works should
certainly be the judge of that. I am
only concerned about one important
phase, and that is, whether we can
lay over this ordinance and wait two
weeks to have plans and specifications
completed and then advertise for bids
and finally enter into a contract after
competitive bids have been received.
I do not understand that the De-
partment of Public Works does not
know what it wants. I understand the
department said the plans may be
changed from time to time. This is
not a new construction job but a re-
pair job. From time to time, by rea-
son of physical conditions arising from

this emergency, the plans might have to be changed. I don't have engineering knowledge. I went through the sewer, however, and I have sufficient knowledge to know that we cannot possibly permit this repair job to be extended six weeks more. No one knows what may happen from day to day. Perhaps nothing will happen. If nothing happens, the City may or may not save some money by going through the regular procedure. One thing is certain that if bids were taken and the Casey concern was not the successful bidder, the removal of the property, etc., of the Casey Company would be a considerable loss, and further all work would have to stop immediately awaiting the taking of bids, and it is doubtful whether money would be saved even by taking bids.

I was down in the sewer the day after the severe storm and I saw what resulted from that storm. We cannot jeopardize the lives and the property of the people in that district and permit them to suffer any loss because of the failure of the City to immediately put the sewer in proper shape.

In observing the work as far as the contractor has gone, I don't believe it is being done in an extravagant way. It was very difficult to get down to the sewer where they were working, and it did not seem that they were building it in an extravagant way.

I feel, as the Director has reported, that they are prepared, as far as existing conditions are concerned, to go ahead and prepare the plans. But in view of the fact that there appears to be an emergency, and from day to day anything may happen, I cannot help but vote for this bill.

Mr. Gallagher arose and said:

Mr. President:—I voted affirmatively in committee on this bill, but if there is a doubt in the minds of any of the members of Council that this sewer contract should be let by letter bids, and the City save money, I shall be obliged to change my vote.

I intended going along with the members of Council when they made an inspection of the sewer. Even if I had, I don't know anything about sewer construction, and would be in no better position today to judge the merits of the case.

We are told that there are engineers

in the Department of Public Works with many years' training and experience, and these men are supposed to be sewer experts. If the sewer engineers and the Director of the Department of Public Works cannot figure out plans whereby the City can save money, I am not going to vote for the bill.

I therefore wish to be recorded as voting NO on the ordinance.

Mr. Kilgallen arose and said:

Mr. President:—I recognize the accuracy and the merits of the statements made by Mr. O'Toole, Mr. Leonard and Mr. Gallagher. If we were confronted here with a theory rather than with a condition, I would vote with them. As the matter stands, I am going to vote in favor of the bill.

If Council were to vote down this measure, it would mean that a large populous section of Pittsburgh—The Soho District—would be in grave danger if we were to have a heavy rain-storm. If the Soho District were left without a sewer for five weeks, a quick flood could very easily ruin an enormous amount of property and cost the lives of many citizens. I am not going to take that responsibility on my shoulders.

This entire matter came up as an emergency. The Director of the Department of Public Works had to do something and do it quickly. It was not a time for talk or debate. It was a time for action.

Whether, or not, the construction work is now being handled economically and efficiently is in the hands of the Director and his men. I understand that he has inspectors on the job and that he receives daily reports of what is being done.

I don't like this plus-cost system any more than Mr. O'Toole, Mr. Leonard or Mr. Gallagher, but I do recognize that emergencies arise which render such contracts necessary. This, in my opinion, was such an emergency.

Mr. Duff arose and said:

Mr. President:—I voted in committee to return this bill to Council with an affirmative recommendation. I am not an engineer and, of course, must take the word of persons who are skilled in this particular phase of city work. However, I feel that an inspection of the sewer has been made and the City

engineers ought to be able to definitely state what it will cost to restore the sewer. On presentation of the ordinance, I thought that the amount fixed would be a reasonable amount. If, however, the amount goes beyond that, I will not vote for it. The amount of this appropriation, \$132,000.00, seems to me ought to be the limit of the expenditure for the repair of this sewer, and I will vote for the ordinance upon that condition.

Mr. Evans arose and said:

Mr. President:—I want to correct some of the statements made by previous speakers. We do have plans prepared for this sewer; they can be seen in the office of the Department of Public Works.

As to the cost of the repair of this sewer, which has been fixed at \$150,000.00, I think that is the maximum estimate.

The difficult part of the work has been done. The main work that is left to be done is the repair of the most serious rupture of the sewer. I estimate that it will cost \$6,000.00 less than our estimate, which will leave \$6,000.00 for overhead expenses, inspection services, etc.

Another statement I want to correct, and that is the question of percentage of cost paid the contractor. We hire the equipment from the contractor and we pay him a rental fee. I suppose those rentals are fixed by agreement between the Director and the contractor. We don't pay any percentage on that. Fifteen per cent. is not paid on anything except actual labor and material. It is not paid on the overhead of the Casey Company and it is not even paid for the Superintendent of the Casey Company. It is only on labor and material. That's my understanding of the proposed contract. So even if the sewer did run \$150,000.00, the plus cost would not be 15 per cent. It would be 15 per cent. less the rental of equipment, the overhead expenses of the Casey Company and the Superintendent's salary.

If any of the Councilmen would like to see the plans of the work, they are on file in the office of the Department of Public Works, prepared by Mr. Palmer. Mr. Palmer is our sewer engineer. I was asked Saturday if I knew of

another sewer engineer in town to check these plans and say whether they are right or not. I was at a loss to suggest another sewer engineer who had experience in this type of work. I consider Mr. Palmer, without question, the most experienced sewer engineer in the City of Pittsburgh. He ought to know his business; he has been building sewers for a long time.

The principal difficulty arises from the fact that a fill was put on the sewer. It appears that the collapse in the sewer was that part where the fill was put on. The sewer was built 20 years ago, and it was not designed for holding this fill. The fill is approximately 90 feet high, and that is where the sewer went down.

Whether it was properly saturated underneath, I don't know. It was not saturated with a view of carrying a 90-foot fill over it. They did not have in contemplation that a fill would be placed on this sewer; and, of course, it would be a fine thing if we had braced the sewer and strengthened it before the fill was put on.

The City said they had men go through it and it was all right.

We have a condition here that is rather serious, and I want to say that any delay is dangerous. I think the Councilmen, who are opposed to delaying this bill, are aware of the danger that might result if this sewer is not repaired immediately.

It has been explained to us in detail what they propose to do, and, personally, I think with careful management up there we can get by with the money that is to be appropriated. Of course, I don't know. I propose to have a daily report of progress. A representative of the Housing Authority reports every day on the progress of the work, and we follow the thing all the way through. I am not in a position to say what the cost will be. We have a man checking on the cost.

It seems fair to me in view of all the circumstances, even though the fill was placed on the sewer, and notwithstanding the fact that all precautions at that time were taken to be sure that the subsurface condition would be good, they nevertheless did not take into consideration that there would be a 90-foot fill on top of the sewer.

That is the situation, and it is a serious situation, and it might result in tremendously greater cost than \$132,000.00 if we were to get something unusual in the way of storms before we get it fixed. I feel this way: the principal risk in delaying the work would be the uncertainty of the weather. If we are fortunate and don't get unusual weather conditions, I feel that we will get through at the price stipulated. I say again that it is a serious situation. I hope all the councilmen will go into the sewer and see it.

It is a difficult job and it is being done as economically as possible. The most difficult part of the job is costing the City \$150.00 a foot, which is a fair price. The sewer will be rebuilt in a strong and substantial manner, and it will be well supported underneath with steel girders filled with concrete, and I am quite sure that when it is completed, it will never cave in. I think the design is a good design, and we are anxious to get the advice of other sewer engineers if we can.

Mr. Wolk arose and said:

Mr. President:—I want to make one item clear. When I said the Department of Public Works will require two weeks to prepare complete and full plans and specifications, I did not mean to weeks from today; I meant two weeks from last Wednesday, and I meant plans and specifications upon which bids could be taken.

Mr. O'Toole arose and said:

Mr. President:—The progress in preparing the plans and specifications and the attitude of the Department of Public Works in handling this job further emphasizes that I am correct in my position. The Director of the Department of Public Works, his chief engineer and the sewer engineer said they didn't have any plans prepared for this work, and I then insisted that plans should be made, and they now attempt to correct that position by saying they have made plans. Perhaps they can do some of these other things which they said it would be impossible for them to do. I again emphasize the fact that the only man entitled to the work is the low bidder and not a favorite contractor who is not required

to compete with anyone else for the work.

Mr. Leonard arose and said:

Mr. President:—I wish it stated in the record that the sewer is clear at the present time. Although there is water in the sewer, it is clear of all obstructions. The question is, are we doing the proper thing in appropriating money and authorizing this contractor to go ahead with this work without first asking the United States Housing Authority for financial aid in this matter? My opinion is that the United States Housing Authority should be consulted and asked for a grant. At the same time I believe the Housing Authority, if approached on the subject, would make a contribution towards it. For that reason, I think the Housing Authority should be consulted and asked to sit in conference with the members of Council on this subject. The question asked the Department of Public Works by the Committee on Finance has not been answered.

Mr. Wolk arose and said:

Mr. President:—In answer to Mr. Leonard, I wish to state that I made a motion in committee to notify the Law Department that if this bill is passed, everything should be done to protect our interests so far as the United States Housing Authority is concerned, and I am assuming that if there are any difficulties involved in this bill, we, as well as the Mayor, would be notified, so the City would be fully protected in making a claim against the Housing Authority.

Mr. Evans arose and said:

Mr. President:—I want to explain one thing further in order to clarify the statement of Mr. Leonard. The local Housing Authority has no power to aid financially in repairing this sewer. The only thing is to get consent from Washington. The local Housing Authority cannot do anything without the consent of the authorities at Washington.

Mr. Leonard arose and said:

Mr. President:—I said that the Housing Authority should be consulted with respect to making a contribution towards the expense of repairing this sewer. Are we right in going ahead without consulting the United States

Housing Authority? Are we going to ask them to make a contribution? I am afraid for that reason that the City of Pittsburgh might be stymied; that this work was not let by contract, and we don't know what the actual cost is. That's why I am against the bill at the present time.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Kilgallen
Duff	Weir
Evans	Wolk

Noes:—Messrs.

Gallagher	O'Toole, (Pres't)
Leonard	

Ayes 6. Noes 3.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. O'Toole also called up

Bill No. 1282. An Ordinance entitled, "An Ordinance providing for a contract or contracts for additional construction for the Municipal Incinerator Garage, at 29th Street and the Allegheny River, and providing for the payment of the cost thereof."

Which, in Council this day, was read a first time, amendments of the Finance Committee agreed to, rule suspended, read a second time, and laid over for separate consideration.

Which was read.

Mr. O'Toole arose and said:

Mr. President:—In connection with Bill No. 1282, which likewise was discussed at length in Committee, I wish, for the sake of the record, to observe several matters.

Council will recall when the Department of Public Works submitted the original ordinance to this body it provided for the construction of a garage to house and service trucks employed in our garbage and rubbish collection system, and at that time

there was some discussion as to the reasonable cost of the building that was proposed to be constructed.

After discussion and after some study, which included a report by our own consultant, the Budget Controller, and I believe after the taking of "feeler" or informal bids in order to arrive at a reasonable cost for the construction of this building, the Council decided to pass legislation appropriating \$98,000.00 for the construction of the building, and at the same time passed the necessary ordinance for the Department of Public Works to advertise for and award a contract for its construction.

It was entirely possible that Council was wrong in its conclusions. It is entirely possible that the construction of the building would cost more than the amount appropriated; but this appropriation had been arrived at after the exercise of what we deemed our best judgment. However, it was our appropriation.

The Director of the Department of Public Works proceeded to let a general contract, and thereafter to let a plumbing contract. We assumed that sufficient money was appropriated to make it possible for him to complete the building for the purposes intended. Now, he admits that he knew when he let that contract he did not have enough money to do what he proposed. Therefore, we find ourselves in this situation, that all of our money was consumed in the construction of part of the building, when the department was authorized to build and complete a building for \$98,000.00. Council finds itself in this position, that the taxpayers' money has been spent and we do not have a completed building. We have a structure we cannot use for housing and servicing the trucks used for hauling the garbage and rubbish to the Municipal Incinerator. The Director has spent the money wastefully in that the structure is no good to anybody except the contractor who built it.

I realize the embarrassment of the councilmen. We are confronted with this situation: we must put our pride in our hat and give the department this additional money, or we will have a building that cannot be used.

I am not going to quarrel with any councilman on this question, but I do think we have facing us a situation wherein the Director of the Department of Public Works has deliberately and wantonly flaunted the authority of this Council. It may be that our form of City government is wrong. I don't believe it is. I think it is a good charter and a good government and will be justified so long as the municipal officers demonstrate that they themselves respect and insist that others respect, and more important, exercise the authority which the Charter Act gives them. If they don't do that, there is no justification for its existence. It might be that those who clamor for another form of government may point at us a not undeserved finger.

In line with that, I would refer to a sentence in the public press of last Thursday. It says, "The councilmanic bark is worse than its bite, Works Director Frank M. Roessing was happy to relate today." I don't know that the Director said this, or whether it is the poetic license which has been the birthright of newspaper people from time immemorial. Whether he said it or not, I repeat it because it is an accurate description of what happened; and if Council permits itself to get into the position where this description fits, it must inevitably so appear to the public who observe the complacency with which we allow our appropriations to be exceeded.

The situation today is this: We have been ignored. The limitation of our appropriation has been exceeded, and we are forced into a position where we must appropriate additional money, or lose the money that has been spent, or lose the service of the garage.

As I said before, I will not quarrel with anybody who votes to allow the department this additional money, but I am not going to vote for it until I see what is to be done to discipline the director who committed this irregularity and to prevent its repetition by this director, or any director. They all have the same attitude towards the acts of Council. No, that isn't right for we have some directors who are conscientiously scrupulous in the exercise of their authority. It might be

considered flattery to name them, and it isn't necessary, for the Council knows them. We might take action to discipline the man who commits an irregularity, so as to prevent a repetition by others.

However, this is not the first instance of an irregularity on city contracts. We had to meet the same situation with respect to the Municipal Hospital. It stands today as a monument to the defiance of the original intention of this Council and the voters who went to the polls.

I am not forcing my position on the Council. I am painting a word picture of the situation as it exists, and which will continue to exist, to the detriment of this Council and the people of our city, unless steps are taken to prevent recurrences.

I want to be recorded as voting NO on the ordinance.

Mr. Gallagher arose and said:

Mr. President:—In committee last week I criticized the Director for exceeding the amount of our appropriation for building the municipal incinerator garage. I cannot see where it will do any good not to appropriate the additional money provided for in the ordinance now before us. We have the building and in order to make it serviceable, light and heat facilities are required, and that is what this additional money is for. It would be foolish on our part not to complete the building.

I agree wholeheartedly with Mr. O'Toole, and said in committee that all directors in the City should carry out the mandate of Council, and not consider themselves a Hitler or Czar in so far as they want things done in their respective departments. We have had three instances of that—the Soho Run sewer, the Municipal Hospital and this item.

I am going to vote for this ordinance because it is necessary to provide light and heat for the Municipal Incinerator Garage.

Mr. Kilgallen arose and said:

Mr. President:—I am going to vote in favor of this measure, but I want to express the irritation I feel about the position in which I find myself. Mr. O'Toole is indisputably right.

When this matter came before us

In committee, we were definitely told by the Director that the garage would cost \$98,000.00. We accordingly approved an ordinance which authorized the construction of a building at that cost. A short while ago, out of a clear sky, Council was informed by the Director that the building had been constructed, but no plumbing or heating or other facilities were included in the \$98,000.00 which had been stipulated in the ordinance. In other words, when the Director was talking to us about a building that would cost \$98,000.00, he kept to himself the knowledge that the completed building would cost more than this.

I respect our Director. I think he is doing more work than has ever been attempted by any Director of Public Works in the history of our city, but I do believe that he would get along better with Council if he would frankly and more clearly give us the entire picture when he first approaches us on any situation.

Mr. Duff arose and said:

Mr. President:—I agree wholeheartedly with what my colleague, Mr. O'Toole, has said. I think it was a radical departure for the director to exceed the amount fixed in the ordinance.

However, in this instance, we are in a dilemma. We must finish this building so that it will be useful to the public. Therefore, I am going to vote for it, but in doing so I do not mean to put my stamp of approval on the manner in which the Department of Public Works carried out and is carrying on this work.

I want to go on record that if any director in the future departs from the authority conferred upon him, I am going to vote that the director be held to strict accountability for any losses occasioned to the City by reason of his conduct. I hope that Council will approve the proper resolution to that effect, warning all directors that all acts of Council must be strictly adhered to.

Mr. Volk arose and said:

Mr. President:—I simply want to repeat what I said in committee. I agree with Mr. O'Toole that we cannot condone this procedure. However, we cannot allow this building to stand as it is without light and heat, and for that reason we must pass this ordinance.

Earlier in the year, I proposed that Council set up a bureau to keep a check, not only on ordinary expenditures, but capital expenditures as well. If such a bureau were established, the situation that confronts us to-day, would not arise. In municipal government we are dealing with human-beings and mistakes are made. It would be good policy to provide a Bureau under Council to keep a check and control on expenditures, both ordinary and capital.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Kilgallen
Duff	Weir
Evans	Wolk
Gallagher	

Noes:—Messrs.

Leonard	O'Toole, (Pres't)
---------	-------------------

Ayes 7. Noes 2.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

And President O'Toole resumed the Chair.

Mr. Evans presented

No. 1535. Report of the Committee on Public Works for September 11, 1940, transmitting a lot plan and sundry ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 1429. Marloff Terrace Plan No. 1, laid out by John Marloff, in the 19th Ward, and the dedication of streets as shown thereon.

Which was read, accepted and approved by the following vote:

Ayes:—Messrs.

Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't)
Kilgallen	

Ayes 9. Noes none.

Also

Bill No. 1430. An Ordinance entitled, "An Ordinance approving the Marloff Terrace Plan No. 1, situate in the 19th Ward of the City of Pittsburgh, as laid out by John Marloff; accepting the dedication of Marloff place, Lynnbrook avenue and a 5-foot strip of land for the widening of Whited street, as shown thereon, for public use for highway purposes; opening and naming the same, and establishing the grades on Marloff place and Lynnbrook avenue."

Which was read.

Mr. Evans moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't)
Kilgallen	

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 1431. An Ordinance entitled, "An Ordinance providing for a contract or contracts for the construction of a relief sewer on Phillips avenue, from a point about 390 feet east of Shady avenue to the sewer on Shady avenue, and providing for the payment of the cost thereof."

Which was read.

Mr. Evans moved

A suspension of the rule to allow the second and third readings and

final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law and were:

Ayes:—Messrs.

Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't)
Kilgallen	

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 1311. An Ordinance entitled, "An Ordinance widening portions of Saw Mill Run boulevard, in the Eighteenth and Thirty-second Wards of the City of Pittsburgh, at Edgebrook avenue, Moredale street and Whited street, and at Ansonia street and Colerain street, and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby."

Which was read.

Mr. Evans moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't)
Kilgallen	

Ayes 9. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

Also

Bill No. 1312. An Ordinance entitled, "An Ordinance widening Saw Mill Run boulevard, in the Eighteenth Ward of the City of Pittsburgh, from a point 380.38 feet south of Saw Mill Run boulevard, McKinley Park Branch, to the third curve southwardly therefrom, and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby."

Which was read.

Mr. Evans moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

MOTIONS AND RESOLUTIONS

Mr. Kilgallen moved

That the Minutes of Council of Wednesday, September 4; Monday, September 9, and Monday, September 16, 1940, be approved.

Which motion prevailed.

The Chair, at this time, presented

No. 1604. Communication from the Director of the Department of Public Works requesting permission for certain overtime regulations for refuse collecting drivers and helpers.

Which was read and referred to the Committee on Finance.

The Chair said:

Gentlemen:—A committee was to appear here at 11:00 o'clock. They wish to make a generous contribution to the welfare of the citizens of Pittsburgh. It is now past the hour for their appearance.

If these are no objections, Council will take a recess for 10 minutes.

And there being no objections, Council recessed until 10:40 a. m. (E.S.T.).

And the hour of 10:40 a. m. (E.S.T.) having arrived and the time of the recess having expired, Council reconvened, and there were present:

Messrs:—

Demmler	Leonard
Duff	Weir
Evans	Wolk
Gallagher	O'Toole, (Pres't)
Kilgallen	

The Chair said:

Representatives of Teamsters Local Union No. 249 wish to present something to Council.

Unanimous consent is given to these gentlemen to take the floor. Who will represent the organization?

Mr. Bernie C. Mazon, President, Team-

sters Union, Local No. 249, said:

Mr. President and Members of Council:—Our organization, the Teamsters Union, Local No. 249, has purchased an iron lung and take pleasure in making a gift of it to the City of Pittsburgh, to be used as the members of Council see fit for the people of our City. In other words, any hospital that needs the iron lung. We have the device on exhibition in the lobby of this building, and would like the members of Council to inspect it.

Mr. Wolk arose and said:

Mr. President:—I move that the City of Pittsburgh accept this very generous gift on the part of the Teamsters Union, Local No. 249.

It is my opinion that this is one of the finest gifts that could be made to the City. The necessity for it is great, and I am sure all of us who have any connection at all with the City of Pittsburgh, as well as the citizens of Pittsburgh, appreciate most deeply this generous gift.

Mr. Gallagher arose and said:

Mr. President:—I move that the members of Council give the Teamsters Local Union No. 249 a rising vote of thanks for this magnificent gift.

It is a very fine humanitarian act on the part of this organization to donate this iron lung to the City of Pittsburgh. This device will be available to the working-class people of our City. The Chair said:

The motion is, that this device be accepted by the City of Pittsburgh by a rising vote of thanks? Are there any further remarks?

Mr. Leonard arose and said:

Mr. President:—I want to endorse the sentiments expressed by Mr. Wolk and Mr. Gallagher. I think it is a fine gesture on the part of this labor organization to make this gift to the people of our City.

This organization has a membership of some 7,000, and the children and relatives of the men affiliated with this Union, who form a great part of the City of Pittsburgh, will be able to take advantage of this health restorer. I understand there are only two or three iron lungs in the City of Pittsburgh, and a patient has been in one for over a year.

As a member of Council, I want to take this opportunity of expressing to the officers and members of Local No. 249 my sincere thanks for this gift to the people of Pittsburgh.

Mr. Kilgallen arose and said:

Mr. President:—This is one of the finest things that has happened in the City of Pittsburgh for many years. I am sure, when the people of Pittsburgh read this in the newspapers, they will be thrilled. As a member of Council, I thank the officers and members of this organization for this splendid gift.

Mr. Duff arose and said:

Mr. President:—Most of the people who appear before Council seek some favor from the City in the way of public improvements; but these people show the most commendable attitude in offering to give something to the City of Pittsburgh, which will be beneficial to every citizen in the City.

For my part, I wish to express my heartfelt thanks to this organization for this wonderful gift to the City.

Mr. Weir arose and said:

Mr. President:— I, as a member of City Council and a citizen of Pittsburgh, appreciate this most generous gift that this fine body of men are giving to the City, and I know it will be appreciated by all.

The Chair said:

Gentlemen:—The Chair wishes to say in relation to his vote, that this generous gift on the part of this organization demonstrates something in line with the universal experience of decent people. This Local Union is strong. It has demonstrated that it is strong and courageous. With strength and courage always goes generosity and kindness. They have demonstrated their generosity and kindness today, which is equal to their strength and courage.

I don't suppose there is any member of this organization able to give to the City what the Local Union has given. All the members of the Union contributed to the fund, which made the purchase of this device possible. In union there is strength. That again demonstrates that where there is strength there is generosity.

The officers and members of this Union are to be congratulated for making this splendid gift to the people of Pittsburgh. I am sure the people of Pittsburgh join with the members of Council in expressing their appreciation. I thank you.

Mr. Evans arose and said:

Mr. President:—I want to endorse what the previous speakers have said. I appreciate the gift from this organization.

Mr. Demmler arose and said:

Mr. President:—My appreciation is also heartfelt.

And the question recurring on the motion, "Shall Council accept, in the name of the City of Pittsburgh, this magnificent gift by a rising vote of thanks?"

The motion prevailed by an unanimous vote.

Mr. Gallagher arose and said:

Mr. President:—In view of the fact that this gift has been offered and accepted by the City,

I move that the President of Council appoint a special committee to formulate rules governing its use.

Which motion prevailed.

And the Chair appointed Messrs. Gallagher, Kilgallen and Leonard.

And upon motion of Mr. Gallagher,

Council adjourned.

In Finance Committee, September 24, 1940, bill read and amended in Section 1 and in the title by inserting in blank space the words "Bond Fund 131," and as amended, ordered returned to Council with affirmative recommendation.

Which was read.

Mr. Evans also presented

No. 1651.

September 28, 1940.

Subject: Appropriation for W. P. A. Project Pitometer Water Waste Survey.

President and Members of Council, City of Pittsburgh.

Gentlemen:

A draft of ordinance "Appropriating the sum of \$16,000 from ----- for the payment of the City's share of the cost of a Pitometer Water Waste Survey of the portion of the water distribution system of the City of Pittsburgh which is supplied from Lanpher Reservoir, to be carried out by the Department of Public Works in conjunction with the Federal Work Projects Administration" was recently sent you for consideration, the source of funds not being designated. When this legislation, now Bill No. 1545, came before your Finance Committee on September 25, it was there amended by specifying "Bond Fund 131" as the source of the appropriation, and it was then affirmed.

Bill No. 1545 will come before you in regular session September 30, and we

ask that action be then taken to change the source of funds which now reads "Bond Fund 131" to read "Bond Fund 151." This change is requested in order to leave \$23,500 available in Bond Fund 131 for appropriation for the City's share of the cost of improvements to Bigelow boulevard from Tunnel street to Washington place, which are in immediate prospect, and for construction of three urgently needed relief sewers.

Although \$100,000 is being replaced in Bond Fund 131 by current legislation, the net amount available will be only \$10,500 after providing for the following listed appropriations which have already been affirmed:

Carson Street, Repaving-----	\$37,500
Noblestown Road, Resurfacing---	7,000
Riverton Street, Repaving-----	7,000
Forbes Street, Curb, etc.-----	5,000
Incinerator Garage -----	12,000
Pitometer Survey -----	16,000
Kirkwood Street, Sewer-----	5,000

Total ----- \$89,500

Additional ordinances providing for badly needed sewer work at Morewood avenue at Forbes street and at Northumberland street at Severn street will be presented Monday, September 30, which call for appropriation of \$8,100 which if enacted will leave but \$2,400 in Bond Fund 131.

Bond Fund 151 being eligible for use only on Unemployment Relief Projects, whereas Bond Fund No. 131 may be expended for any public improvement, we are submitting drafts of ordinances amending ordinances No. 122 and No. 169 (appropriations from Bond Fund 151 for W. P. A. projects) in such manner as to decrease funds appropriated therein for certain W. P. A. projects which can spare them temporarily and to provide for increased funds for other projects whose funds are exhausted, leaving \$16,000 in Bond Fund 151 to meet the requirements of Bill 1545 when the source of funds therein is changed to read, Bond Fund No. 151.

Thus, with the change of the source of funds for Pitometer Survey in Bill 1545 from Bond Fund 131 to Bond Fund 151 and with favorable action on legislation to be presented September 30 amending ordinances No. 122 and No. 169, funds will be available in Bond Fund 131 eligible for use for Bigelow

boulevard improvement and in Bond Fund 151 for the Pitometer Survey.

Your approval of this plan and your favorable action on this proposal and on the necessary related legislation is requested.

Yours very truly,

F. M. ROESSING,
Director.

Which was read, received and filed.

Mr. Evans moved

That the bill be recommitted to the Committee on Finance, for amendment.

Which motion prevailed.

Also

Bill No. 1576. Resolution authorizing, empowering and directing the Mayor and the Director of the Department of Lands and Buildings to enter into a lease with the Commonwealth of Pennsylvania, Department of Public Assistance, for approximately 400 square feet of floor space on the first floor of Engine House No. 26, Wandless and Webster avenues, and 400 square feet of floor space on first floor of store-room at 2014 Fifth avenue; providing said lease shall be terminated upon thirty days notice in writing to the lessee; providing further the lessee shall pay the cost of installing electric meters and electric current consumed on the premises, and that the lessee shall be absolved from the payment of any rental or fee for the use and occupancy of the aforesaid premises, which are to be used for Food Stamp Offices by the Surplus Commodities Division.

In Finance Committee, September 24, 1940, ordered returned to Council with an affirmative recommendation, subject to report from the Budget Controller.

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Demmler also presented

No. 1652.

September 28, 1940.

President and Members,
City Council,

City of Pittsburgh.

Gentlemen:

In Re: Bill No. 1576

At a meeting of the Committee on Finance held Tuesday, September 24, 1940, Bill No. 1576 was affirmed, subject to a report from the Budget Controller.

This bill provides for the leasing to the Commonwealth of Pennsylvania, Department of Public Assistance, a portion of the unoccupied space of the apparatus room at No. 26 Engine Company at the corner of Wandless street and Webster avenue and the first floor store room at 2014 Fifth avenue, for the distribution of Commodity Stamps.

The lease would provide that there would be no rental charge for such space and the lease would be for a period of one year with a thirty (30) day cancellation clause and that the tenant would provide the necessary wiring and electric meter for their own use at their own expense.

I have inspected both locations with a view that such use of City property would not entail a hardship on any one involved.

The store room at 2014 Fifth avenue is vacant and I see no objection from any source whatsoever, why this store-room should not be used for the purpose outlined.

The space to be occupied in the apparatus room at No. 26 Engine House is a space that has not been occupied for a great number of years, there being but one piece of apparatus at this location, therefore, one half of the apparatus room is unused. Access to this space is by a small door at the front of the building. Fire Chief Phelan has no objection to the use of this space for the sale of stamps.

It is contemplated that at these two locations, the space will be occupied only three days a week, from 9 a. m. to 4 p. m.

I would recommend that this Bill be finally passed.

Respectfully yours,

RICHARD NEFF.

Budget Controller.

Which was read, received and filed.

REPORTS OF SPECIAL COMMITTEES

Mr. Gallagher presented

No. 1656.

Pittsburgh, Pa.

September 27, 1940.

To the President and Members,
City Council.

Gentlemen:

The undersigned committee, appointed by President of Council, James L. O'Toole, Jr., on Monday, September 23, 1940, to make a study of the uses and develop a set of rules to govern the use of the iron lung generously presented to the City of Pittsburgh by the Teamsters Union, Local No. 249, begs leave to report that we held a meeting on Tuesday, September 24, 1940, with representatives of the Department of Public Health and have prepared a resolution, which is concurrently submitted for adoption by Council, providing rules and regulations for the custody and use of this valued piece of hospital equipment.

Your Committee further reports that the arrangements set forth in the attached resolution meet with the approval of the Director of the Department of Public Health and his aides, and will authorize the use of the new equipment in strict accordance with the rules set forth. We also wish to report that these arrangements are also satisfactory to the donors of this hospital equipment.

We respectfully recommend the adoption of the resolution which is submitted herewith.

Respectfully,

EDW. J. LEONARD,

THOMAS E. KILGALLEN,

THOMAS J. GALLAGHER,

Chairman.

Which was read, received and filed.

Also

No. 1657. WHEREAS, On Monday, September 23, 1940, the Teamsters Union, Local No. 249, donated to, and the City of Pittsburgh accepted, an iron lung, or artificial breathing device, for the universal use of any and all citizens of Pittsburgh and Allegheny County; and

WHEREAS, rules and regulations governing the custody and use of this equipment should be formulated; Therefore, be it

RESOLVED, That the Director of the Department of Public Health be and he is hereby authorized and directed to act as the custodian for this hospital equipment and place it in the Municipal Hospital for use at all times; that in the discretion of the said Director, it shall be available to any hospital operated by the City of Pittsburgh or to any other hospital in Allegheny County not possessing such equipment, or whose equipment is already in use, provided that the loaning of the equipment to any institution within the territory prescribed shall be on condition that it be carefully handled and returned to the City in the same excellent working order in which the institution received it, and it is understood that the City of Pittsburgh shall at all times be the preferential user.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

The Chair said:

Gentlemen:—Before action is taken on this resolution, I call your attention to the question of the city's liability for any injuries that might be sustained by a patient using the iron lung in a hospital not controlled by the City of Pittsburgh. It might be well to have this question determined before final action is taken on the resolution.

Mr. Wolk arose and said:

Mr. President:—It might be well to refer this resolution to the Law Department for preparation of an amendment which will provide that the city shall not be liable for any injuries resulting from the use of this iron lung by a patient in a hospital not controlled by the city.

Mr. Gallagher arose and said:

Mr. President:—That is a matter for

the special committee to iron out. This resolution merely provides who shall be the custodian of the iron lung and by whom it shall be used, namely, any hospital in Allegheny County. The question of liability, if there is any, can be worked out later.

The Chair said:

Gentlemen:—I think it is a question for the special committee to determine before the adoption of the resolution. Mr. Kilgallen, have you given this point any consideration?

Mr. Kilgallen arose and said:

Mr. President:—The point raised by you is worth consideration. We overlooked it in our discussions in committee. It might be that the agency accepting the loan of the machine will be entirely on its own, and will not in any way hold the city responsible for an injury that might result to a patient. However, it is worth looking into. I think you can safely pass this resolution and have the special committee meet again and consider the Chairman's suggestion.

Mr. Duff arose and said:

Mr. President:—On the matter of the city's liability, I am of opinion that the risk is exceedingly remote; the resolution provides that the equipment shall be loaned to any hospital or individual needing it.

The city being the custodian of the machine loans it to an individual or hospital, and in that case, the bailee takes it at his own risk. I do not think the city can be held liable for any injuries that might result to a patient using it, unless the city actually knew of a defect and did not acquaint the user of it.

Mr. Kilgallen arose and said:

Mr. President:—In the main, Mr. Duff is right. But suppose we did loan the lung out and somebody became infected. That would be a bad situation, and I think the committee ought to look into it.

The Chair said:

Mr. Gallagher, what is your desire with reference to the disposition of the resolution?

Mr. Gallagher arose and said:

Mr. President:—If there is a legal question involved, we can hold it over.

and the committee consult the Law Department with respect to the city's liability for injuries that might be sustained by a patient who uses the equipment. As far as the resolution is concerned, it merely designates who shall take charge of it and who shall use it, namely, anybody in Allegheny County who needs it.

The Chair said:

Gentlemen, If there are no objections, the Chair will order the resolution laid on the table, subject to a further report from the special committee.

Mr. Wolk at this time arose and said:

Mr. President:—The most essential characteristic of a budget is equilibrium, that is the attainment of a balance between anticipated income and estimated expenditures. This balance should be preserved throughout the year. Usually, however, as soon as the budget has been voted, interest in budgetary equilibrium wanes. No attempt is thereafter made to ascertain whether, during the entire fiscal period, a balanced condition will obtain in the operation of the budget.

On April 2, 1940, I made a motion which was adopted unanimously by the Finance Committee, to control the expenditures for the six months' period ending June 30, 1940, and for the nine months' period ending September 30, 1940. To more effectively set the quotas for these periods, Mr. Neff, the Budget Controller, made an investigation of the proposed expenditures, and recommended to the Finance Committee definite quotas for each code account for these periods, which recommendations were adopted.

It was intended by said motion only to take a first step towards budgetary control. We must now take a second step. Our income will not come up to anticipation. Additional financing may be necessary before the end of the year to meet the City's obligations. However, to avert a real serious financial problem it is necessary that all concerned cooperate to the fullest degree to save every dollar where possible. To approach as closely as possible to budgetary equilibrium this year, we must immediately take certain measures towards this end. These measures must be taken today for the reason that the balance of the appropriation credit in

each code account will be released tomorrow.

I, therefore, desire to offer three motions, but before doing so, may I emphasize the importance of continuous balancing of both expenditures and income. On the expenditure side of the budget particularly, periodical definite detailed work programs should be projected for each spending agency. To obtain effective results, some agency must watch carefully the day by day expenditures. This is not a simple task. It requires the full cooperation of Directors and Bureau heads. Budgetary equilibrium cannot be attained by following the path of least resistance. The Directors of the various departments must impress upon their subordinates the necessity of being budget control minded. However, I am firmly convinced that if a serious attempt is made in the last quarter of this year to obtain the objectives sought by the motions I will now offer, that we will be on the road, through the experience gained this year, to real budgetary control in 1941.

Mr. Wolk moved

That the quota of expenditures in each code account for the last quarter of the year ending December 31, 1940, shall be fixed at a sum equal to the difference between the appropriation credit for the entire year and the quota heretofore fixed for the nine months' period ending September 30, 1940, excepting however, salaries and wage accounts, provided that the quota for the fourth quarter shall in no case exceed one-fourth of the appropriation credit for the year. It is intended hereby to freeze immediately unexpended surpluses in the September 30th quotas in every code account except salaries and wages, which are taken care of in the second motion.

Which motion prevailed.

Mr. Wolk moved

That, in order to obtain additional savings in many code accounts and at the same time not to stifle certain services that may require the use of the September 30th surpluses in its particular code account, the Budget Controller make a thorough investigation of the proposed expenditures in each code account for the fourth quarter, including salaries and wage ac-

counts and recommend to the Finance Committee of Council a more definite quota for all code accounts for the quarter ending December 31, 1940.

Which motion prevailed.

Mr. Wolk moved

That, to obtain a further check on expenditures throughout the quarter, the Director of Supplies, the Controller and the Budget Controller examine carefully every requisition submitted and if same is not absolutely necessary for the current operation of City business, the expenditure in pursuance thereof, shall

not be validated by the Controller, provided, however, that appeals from any decision may be made to the Finance Committee of Council.

Which motion did not prevail.

Mr. Weir moved

That the Minutes of Council of Monday, September 23, and Tuesday, September 24, 1940, be approved.

Which motion prevailed.

And upon motion of Mr. Kilgallen

Council adjourned.

Bill No. 1614. Resolution authorizing the City Controller to transfer the sum of \$240.00 from Code Account No. 1050, Repairs, Department of City Controller, to Code Account No. 1367, Wages, Temporary Employees, Department of Lands and Buildings.

Which was read.

Mr. Demmler moved

A suspension of the rule to al-

low the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Leonard
